

JAVA DEVELOPER – SUMMATIVE CAPSTONE PROJECT

Cohort One

Car Rental Management

Start Date: 9th February, 2021

End Date: 17th May, 2021

Car Rental Management system

Purpose:

This project is being taken up for demonstrating skills acquired during the training.

Project name: CarZoom

Project Description: Car Hire Application. This application requires advance booking to generate hire. There will be customers, vehicles and dates to select systematically. Invoice will be generated from booking, and can be exported to PDF.

This application system:

- Based on Oracle database version 12c to store all business data,
- Using Java version 11, Spring Framework.
- Accessible with internet browsers, HerokuApp.
- Utilizing Javascript, Thymeleaf, and Bootstrap for client side presentation, styling, and interaction,
- The system will be accessed only by Employees of the car rental company.
- Each Employee signs in with an assigned Username and password. Each Employee can inquire own personal details as well as change own password.
- An Employee with ADMIN Role will be initialized in the database and the access given to the system owner. Only Employees assigned an ADMIN Role can create, modify Employee records, reset passwords, grant and revoke Employee Roles. An Employee can be assigned zero, one, or more Roles.
- Each business operation requires specific Roles. Only Employees granted those Roles can perform the business operation.
- Creation and deletion of Roles, as well as association of Roles to specific business operations is an application program maintenance task. Association of Roles to specific Employees is however a business operation that requires ADMIN Role.
- Access to record deletion is granted only to Employees with ADMIN or MANAGER Roles. Employee deletion is only allowed for ADMIN. The physical deletion however will always be subject to referential integrity constraints in the database.

Business Operations by Roles:

ALL: for all users. (Pending)

- Log-in
- View non-sensitive own details.
- Change your own password.

ADMIN: for administrators

- Maintain system configuration parameters, such as:
- Create, modify, suspend Employees. Suspended Employees are barred from log-in.

- Reset Employee passwords, Unsuspended Employees.
- Grant/Revoke Roles to Employees.

MANAGER :

- Create Vehicle into READY status.
- Maintain daily base rate for Cars, and other Car details.
- Set Car status to RETIRED. Retired Cars cannot be hired.
- Suspend/Unsuspend Customers.
- Upload a picture for each car. Pictures can be added, deleted, and reordered. Pictures can be shown to aid choosing.

USER: for front desk who serve customers

- Create, Modify Customers. Suspend Customers.
- There is only advance booking. Via select Customer, select Vehicle, select dates, and confirm the booking.
- All hires must be returned before the return Date.
- Hire return date can be extended, provide the extended date is available.
- Hire can be edit prior to Convert to Invoice.
- An invoice generated on a web page, can be exported to PDF format. One Invoice only associated with one Hire record.
- From the Hire records, a fleet utilization efficiency statistics will be generated and presented graphically.

Deployment

- Deployment at <https://carzoom.herokuapp.com/>
- Explore with the USER credential: user/user
- Explore with the MANAGER credential: manager/password
- Explore with the ADMIN credential: admin/password

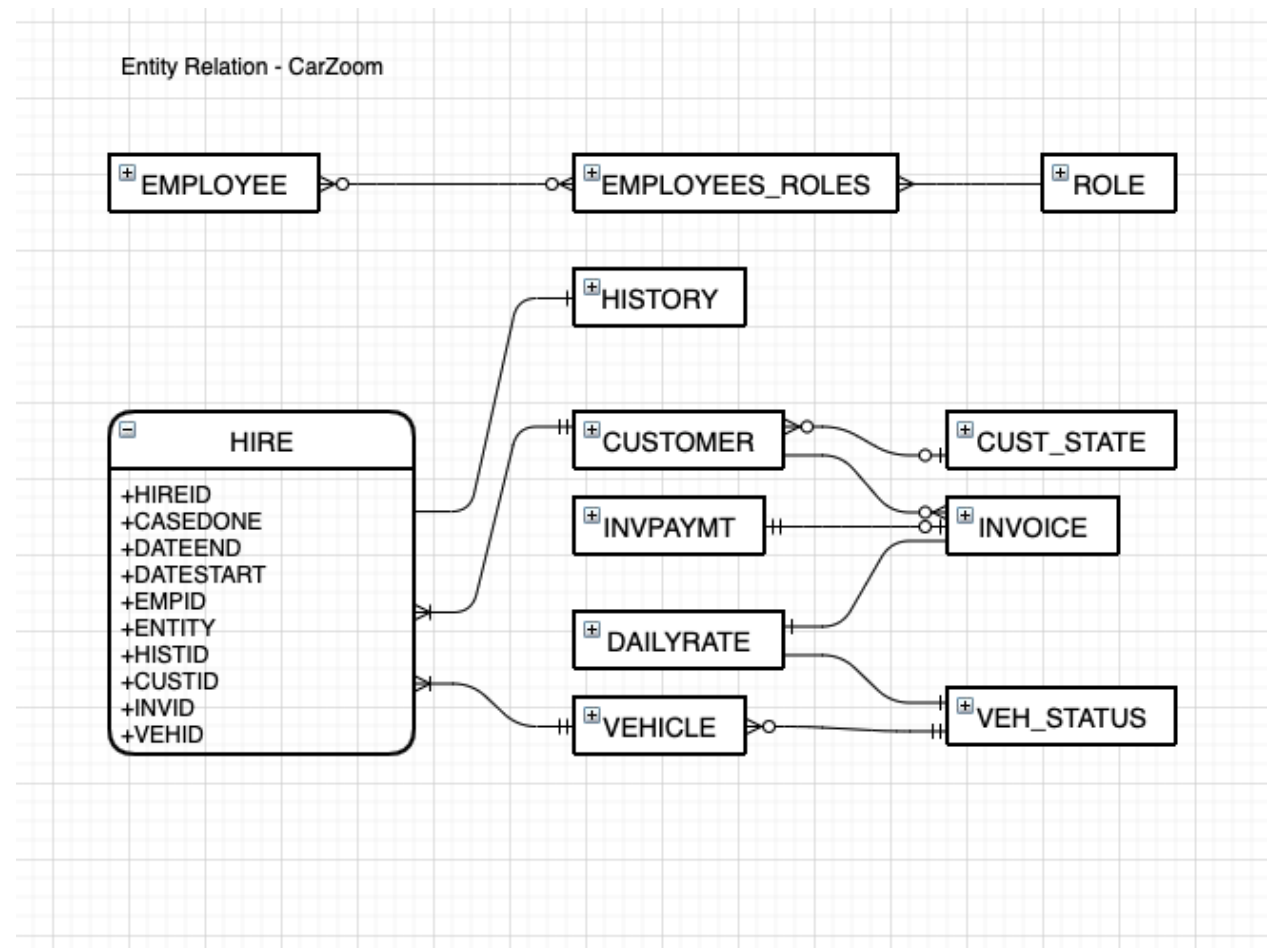

Functional Test

All the mandatory fields should be validated	Passed
Test the numeric fields should not accept the alphabets and proper error messages should display.	Pending
Test to see negative numbers, if allowed for numeric fields	Passed
Test the max length of every field to ensure the data is not truncated	Passed
Test that a confirmation message should display delete operations.	Passed
Test the Javascript is properly working in different browsers (Safari, and Chrome)	Passed

Usability Test

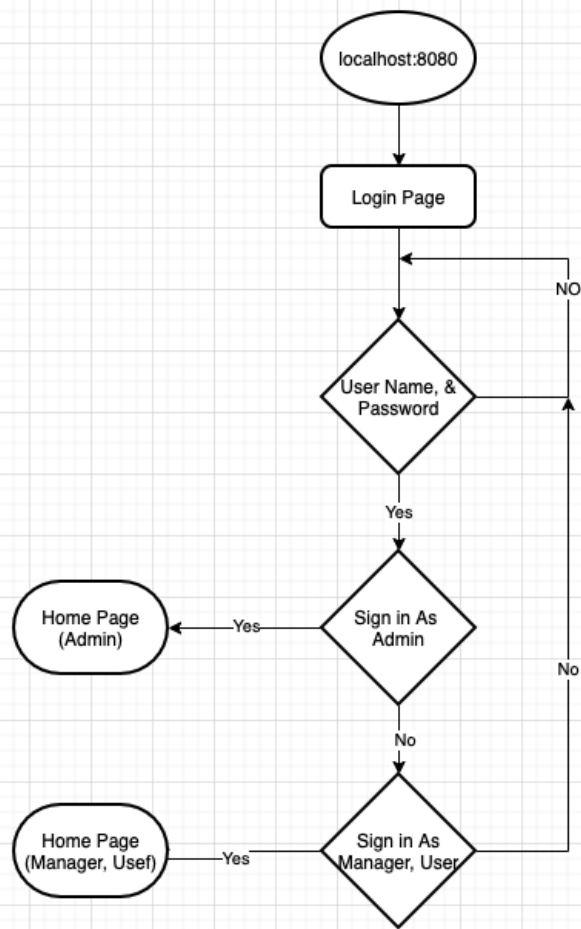

Web page content should be correct without any spelling or grammatical errors.	Passed
Check for broken links and images.	Passed
Home link should be there on every single page	Passed
Check for broken links and images.	Passed
Check if the dropdown data is not truncated due to the field size,	Passed

Booking, Steps to Create new Hire

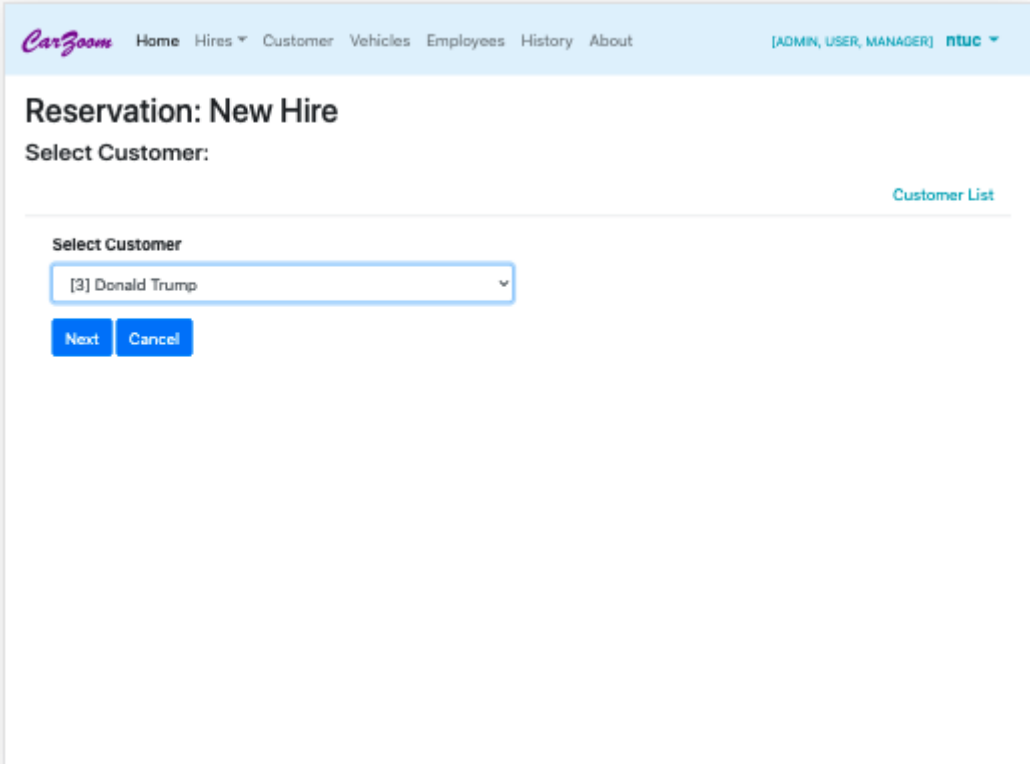

- Hire List

The screenshot shows the 'Hire List' page in the CarZoom application. The page has a navigation bar with links: Home, Hires, Customer, Vehicles, Employees, History, and About. The user is logged in as 'ntuc' with roles 'ADMIN, USER, MANAGER'. The page title is 'Hire List'. There are links for 'New Booking' and 'Show Archive Invoices'. A search bar and a 'Show 10 entries' dropdown are present. The main content is a table with columns: ID, (ID) Car No, Customer, Date Start, Date End, Invoice, and Action. The table contains 10 rows of hire data.

ID	(ID) Car No	Customer	Date Start	Date End	Invoice	Action
1	(5) Toy123AB	Simon Srid	2021-05-06	2021-05-10

Invoice

- Edit Hire, Convert to Invoice

The screenshot shows the 'CarRent - Edit Hire' page. At the top, there is a navigation bar with the 'CarZoom' logo and links for Home, Hires, Customer, Vehicles, Employees, History, and About. On the right, it shows the user role '[ADMIN, USER, MANAGER]' and the 'ntuc' dropdown. Below the navigation bar, the page title 'CarRent - Edit Hire' is displayed, with a 'Back to Hire page' link on the right. The main form area contains the following fields: 'Hire ID: 302' at the top left; 'Customer' dropdown menu with '[2] Joe Biden' selected; 'Vehicle' dropdown menu with 'Jaguar XE SDG789E' selected; 'Date Start' calendar picker with '01/06/2021'; and 'Date End' calendar picker with '03/06/2021'. At the bottom right of the form is a teal 'Convert to Invoice' button. At the bottom left are 'Save' and 'Cancel' buttons.

- New Invoice, edit if necessary

The screenshot shows the 'CarZoom - New Invoice' page. At the top, there is a navigation bar with the 'CarZoom' logo and links for Home, Hires, Customer, Vehicles, Employees, History, and About. On the right, it shows the user role '[ADMIN, USER, MANAGER]' and the 'ntuc' dropdown. Below the navigation bar, the page title 'CarZoom - New Invoice' is displayed, with a 'Back to Hire page' link on the right. The main form area contains the following fields: 'Customer ID: 2' at the top left; 'Dated:' calendar picker with '07/05/2021'; 'Invoice No:' text input with 'CZ10021'; 'Reservation Summary' section with 'Start and End Time:' text input containing '2021-06-01 to 2021-06-03' and 'Jaguar, XE'; 'additional comments' text input with a note 'size must be less than 65 chars per row'; 'Invoice Details' section with 'Reservation Charges No.: 302'; 'Daily Rate:' text input with '60.0'; and 'Amount Due:' text input with '180.0'.

Customer CRUD

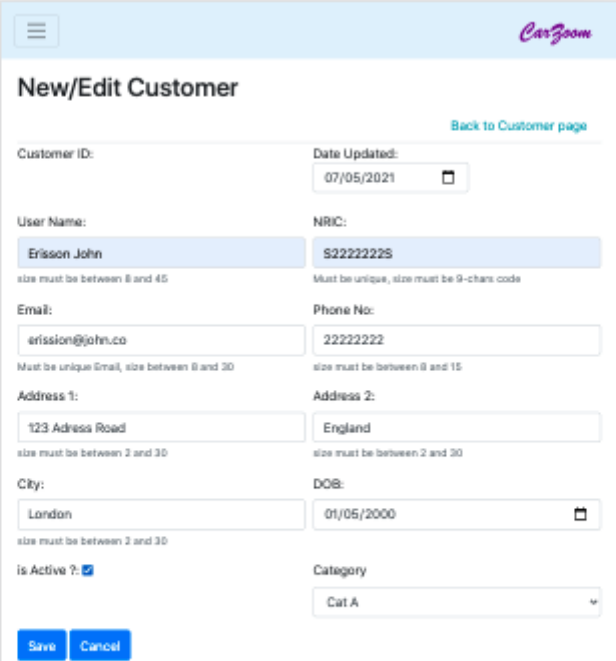

- Customer List

The screenshot shows the 'Customer List' page in the CarZoom application. The page has a light blue header with the CarZoom logo and navigation links: Home, Hires, Customer, Vehicles, Employees, History, and About. On the right, it shows the user role '[ADMIN, USER, MANAGER]' and a dropdown menu 'ntuc'. Below the header, the title 'Customer List' is displayed, followed by a link 'Create New Customer'. A search bar and a 'Show 10 entries' dropdown are present. A table lists four customers with columns for ID, Name, Is Active?, Category, Driving, and Actions. The table shows entries for Simon Srid, Joe Biden, Donald Trump, and Toyota Japan. At the bottom, it indicates 'Showing 1 to 4 of 4 entries' and has 'Previous', '1', and 'Next' pagination controls.

ID	Name	Is Active ?	Category	Driving	Actions
1	Simon Srid	true	Cat A	false	Profile
2	Joe Biden	true	Cat A	false	Profile
3	Donald Trump	false	Cat A	false	Profile
61	Toyota Japan	false	Cat C	false	Profile

- New Customer

The screenshot shows the 'New/Edit Customer' form in the CarZoom application. The form has a light blue header with the CarZoom logo and a 'Back to Customer page' link. The form fields are organized into two columns. The left column contains fields for Customer ID, User Name (with a note 'size must be between 8 and 45'), Email (with a note 'Must be unique Email, size between 8 and 30'), Address 1 (with a note 'size must be between 2 and 30'), City (with a note 'size must be between 2 and 30'), and an 'is Active ?' checkbox. The right column contains fields for Date Updated (07/05/2021), NRIC (with a note 'Must be unique, size must be 9-char code'), Phone No. (with a note 'size must be between 8 and 15'), Address 2 (with a note 'size must be between 2 and 30'), DOB (01/05/2000), and a Category dropdown menu (Cat A). At the bottom, there are 'Save' and 'Cancel' buttons.

Employee CRUD

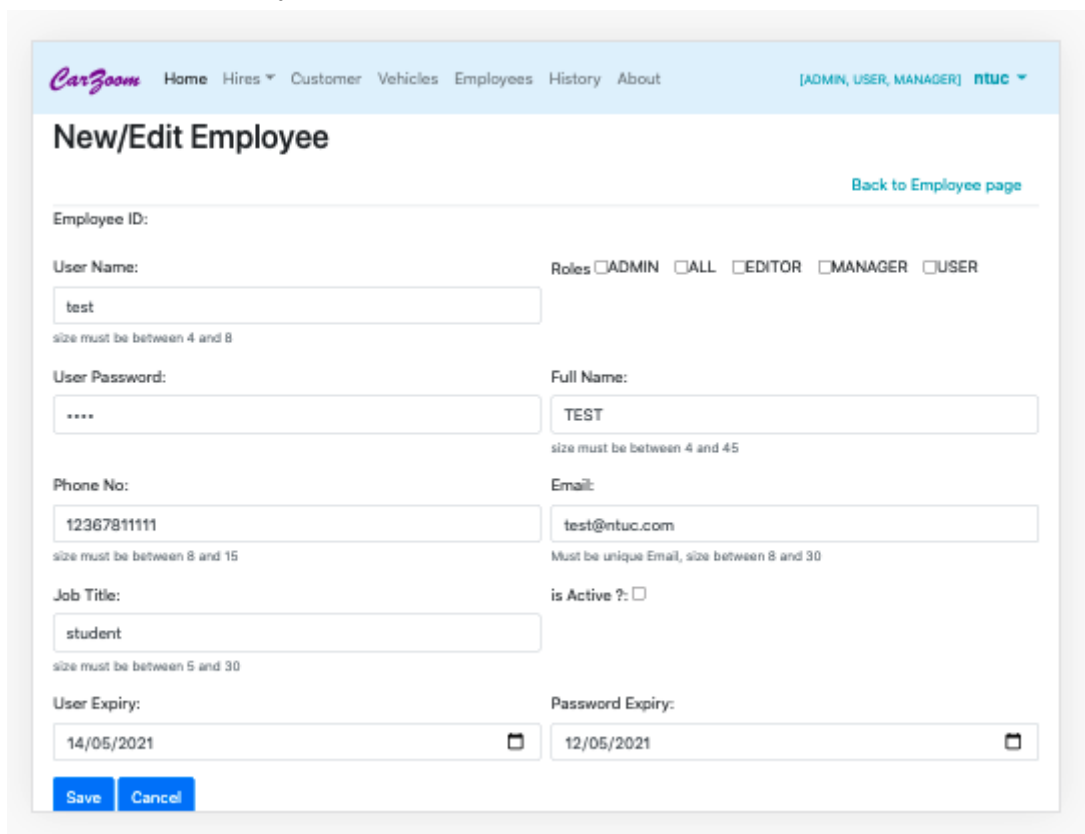

- Employee List

The screenshot shows the 'Employee List' page in the CarZoom application. The page has a light blue header with the CarZoom logo and navigation links: Home, Hires, Customer, Vehicles, Employees, History, and About. On the right, it shows the user role '[ADMIN, USER, MANAGER]' and the username 'ntuc'. Below the header, the title 'Employee List' is displayed, followed by a link 'Create New Employee'. The main content is a table with the following data:

ID	User Name	Role Type	Email	Active	Actions
622	user	[USER]	user@ntuc.com.sg	true	Profile
721	view	[ALL]	viewer@ntuc.com	true	Profile
701	manager	[MANAGER]	test2@test.co	true	Profile
1	root	[ADMIN]	root@carDate.com	true	Profile
2	ntuc	[ADMIN, MANAGER, USER]	ntuc@ntuc.com	true	Profile

- To create new Employee

The screenshot shows the 'New/Edit Employee' form in the CarZoom application. The page has the same header as the previous screenshot. Below the header, the title 'New/Edit Employee' is displayed, followed by a link 'Back to Employee page'. The form contains the following fields and controls:

- Employee ID:** A text input field.
- User Name:** A text input field with the value 'test'. Below it, a message says 'size must be between 4 and 8'.
- User Password:** A text input field with masked characters '****'.
- Phone No:** A text input field with the value '1236781111'. Below it, a message says 'size must be between 8 and 15'.
- Job Title:** A text input field with the value 'student'. Below it, a message says 'size must be between 5 and 30'.
- User Expiry:** A date input field with the value '14/05/2021' and a calendar icon.
- Roles:** A set of checkboxes for ADMIN, ALL, EDITOR, MANAGER, and USER. The 'ALL' checkbox is selected.
- Full Name:** A text input field with the value 'TEST'. Below it, a message says 'size must be between 4 and 45'.
- Email:** A text input field with the value 'test@ntuc.com'. Below it, a message says 'Must be unique Email, size between 8 and 30'.
- is Active ?:** A checkbox that is currently unchecked.
- Password Expiry:** A date input field with the value '12/05/2021' and a calendar icon.
- Buttons:** 'Save' and 'Cancel' buttons at the bottom.

- Employee Profile

The screenshot shows the 'Employees Profile' page for Employee ID: 761. The page has a light blue header with the 'CarZoom' logo and navigation links: Home, Hires, Customer, Vehicles, Employees, History, and About. On the right, it shows the user role '[ADMIN, USER, MANAGER]' and the user 'ntuc'. Below the header, the title 'Employees Profile' is displayed, followed by 'Back', 'Edit', and 'Delete' links. The main form contains the following fields:

- Employee ID: 761
- User Name: test
- User Password: (empty)
- Phone No: 1236781111
- Job Title: student
- User Expiry: 14/05/2021
- Roles: ☐ ADMIN ☐ ALL ☐ EDITOR ☐ MANAGER ☐ USER
- Full Name: TEST
- Email: test@ntuc.com
- is Active?: ☐
- Password Expiry: 12/05/2021

- Deleting this Employee

This screenshot shows the same 'Employees Profile' page as above, but with a confirmation dialog box overlaid in the center. The dialog box has a title bar 'Are you sure?' with a close button 'X'. The main text inside the dialog asks 'Do you want to delete this employee?'. At the bottom of the dialog, there are two buttons: 'Delete' (orange) and 'Cancel' (grey). The background page is dimmed, showing the same form fields as in the previous screenshot.
