

**Cohort One**

JAVA DEVELOPER – SUMMATIVE CAPSTONE PROJECT

**Test Plan and Test Results**

Project Title

**Car Rental Management**

**Start Date:** 9<sup>th</sup> February, 2021

**End Date:** 17<sup>th</sup> May, 2021

**Prepared by:**

LEE Sik On (508I) (Team 1)

**Prepared on:** 17<sup>th</sup> May, 2021

This document shows the tests conducted on the carDate Vehicle Hiring system.

The application has been deployed to Heroku at this URL:

<https://kardate.herokuapp.com/>

Note the following:

1. Sign-in user name, password, and their roles. The user “sikon” having the roles ADMIN and MANAGER has access to all functions.

User name	Password	Roles
root	root	ADMIN
sikon	sikon	ADMIN, MANAGER
peter	peter	USER

2. Pictures: there are two Heroku issues that are not found when application is run locally:
  - a. Customer pictures are stored in the database, and Vehicle pictures are stored in the file system. Pictures hosted in the file system tend to disappear after a few days and will show up blanked on the web pages.
  - b. If any one of the Customers related to any of the Hires has a uploaded driving license Picture, the access to Hires page will encounter this error “(Message in RestGlobalExceptionHandler \*\*): Unable to access lob stream; nested exception is org.hibernate.HibernateException: Unable to access lob stream”. If you encounter this error, go to Customers page, delete Pictures of Customers that have Hire history.
3. Grace period has been set to 0 in Configurations page. This disables the checking of input date time (for Hiring begin and return) against current date time, so as to facilitate testing. You can change it to non-zero. However, once changed to non-zero, it cannot be changed back to 0. Refer to Section 9 on Grace period override.

Section 1 to 5 walks through all the business features of the application. Users will be able to use this application after reading and understanding those test cases.

Section 6 fills in additional technical tests to make up for missing test cases required by test cases template.

Section 7 shows how Configurations can be used to vary the Hire fare computation, and how such Configuration changes affect new and existing Hires.

Section 8 repeats Javascript intensive test cases using two other browsers, Edge and Firefox, as required by test cases template.

Section 9 demonstrates a testing environment support feature bases on Grace Period setting on Configurations.

Section	screen shots count	Objectives
1	15	Shows the setting up of the application system with basic configuration, Employees, Customers, and Vehicles.
2	96	Demonstrates the viewing, creation, and modifications of Customers and Vehicles, and the associated upload and maintenance of their pictures.
3	20	The creation of a Hire. A pinned Customer and pinned Vehicle concept is used to pick a Customer and a Vehicle to be matched into a Hire, so as to eliminate a separate search and select process during the creation of Hire. An Invoice in PDF form, which acts like a Car collection notes can be generated after the creation of a Hire.
4	23	Shows the return of a Hire, and the generation of a finalized Invoice in PDF form.
5	22	Shows many ways Hire records are filtered and sorted to facilitate the business operation. It also demonstrates change of personal password and initial menu.
6	29	This section conducts technical unit tests base on the general criteria to verify the input validation capabilities of each input form.
7	22	Showcase the use of Configuration and how it affects the application processing.
8	47	This section tests two more browsers, Edge and Firefox, by repeating test cases that involve Javascripts.
9	14	This section further tests another feature meant for test system, which is the use of Grace Period of 0.

Test cases template:

<b>Functional</b>	<b>Result</b>
All the mandatory fields should be validated.	Done, refer to Section 6.
Test the numeric fields should not accept the alphabets and proper error message should display.	Done, refer to Section 6.
Test to see negative numbers, if allowed for numeric fields.	Done, refer to Section 6.
Test the max length of every field to ensure the data is not truncated.	Done, refer to Section 6.
Test that a confirmation message should display delete operations.	Done, through out all sections.
Test the Java script is properly working in different browsers (IE, Firefox, Chrome, safari and Opera).	Done, tested on Chrome, Firefox, and Edge, refer to Section 8.
<b>Usability</b>	
Web page content should be correct without any spelling or grammatical errors	Done
Check for broken links and images.	Done, none found.
Home link should be there on every single page.	Done.
Check if the dropdown data is not truncated due to the field size	Done.

6.	Technical tests.....	96
7.	Business Configurations.....	110
8.	Brower Compatibility.....	122
9.	Grace Period Override .....	143

## 1. System set-up

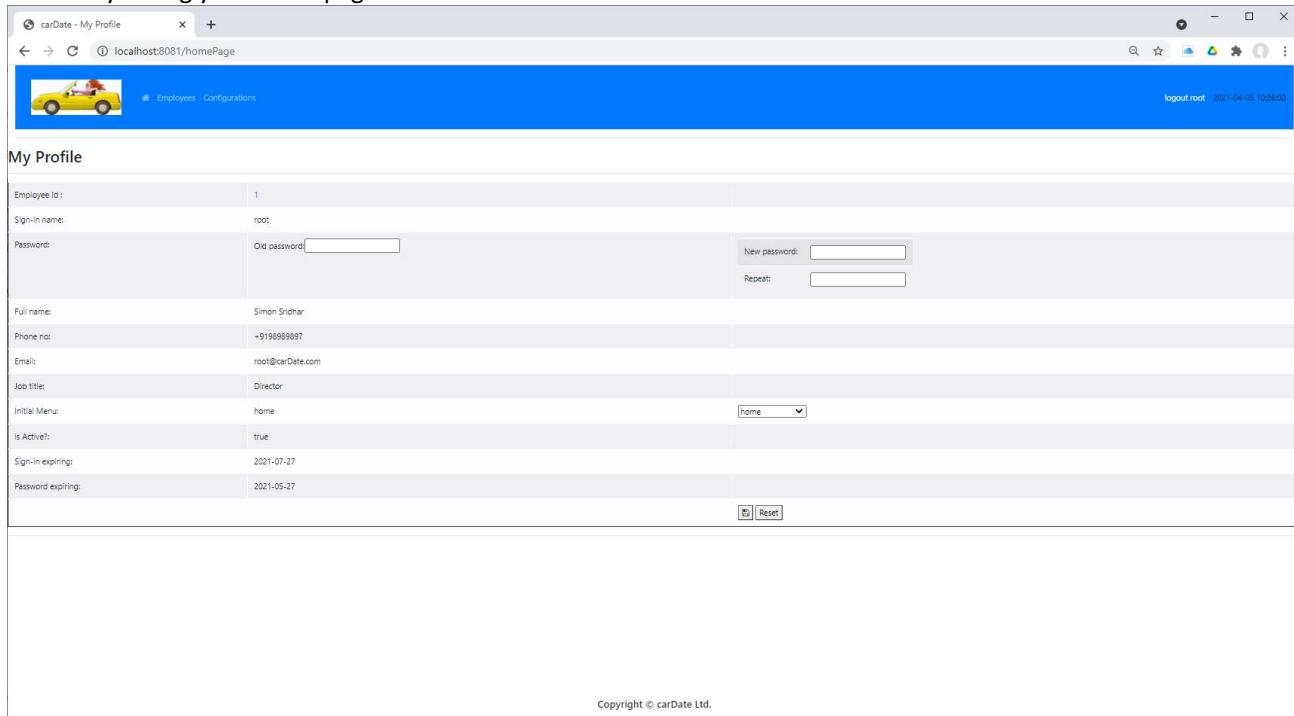

This section sets up the application system from scratch, and performs tests on creation of Customer and Vehicle data.

1. With the application shut down, execute the drop table statements from step 1 of “src\test\sql\_scripts”. This empties the database. Execute step 2 also if the tables are not already created.
2. Now start the application. The required application tables will be created by the system.
3. Now execute step 4 of “src\test\sql\_scripts” to create basic application static data and the initial ROLE\_ADMIN user “root”.
4. You are now ready to execute step 5 of “src\test\sql\_scripts” to create business configuration parameters. There are two versions of the script. For test environment, the value for EFF\_DATE and OFFSET\_DAYS are push back by 30 days (or any number of days you want for your test plan). For production system, it should be 0. Go on and execute the test version.
5. Open a browser, type in the url “<http://localhost:8081>” to access the application login screen:

As system owner, Login as “root” using password “root”.

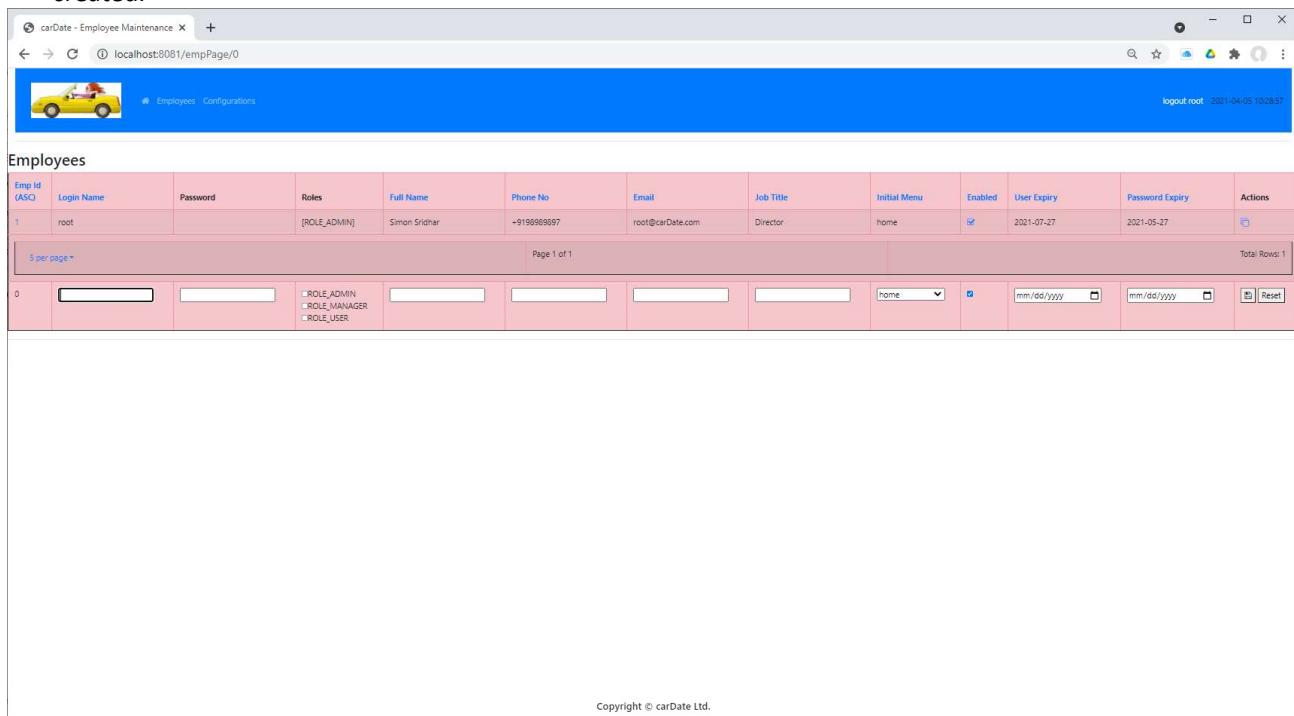

6. Login successful. Note on the top right that says "logout root". Here it indicates that the Employee by the login name "root" is signed in. Note that the Initial Menu is "home", and "home" refers to this page where the Employee views his own profile. On the top left of the page, there is a home icon. Clicking that icon will always bring you to this page.

The screenshot shows the 'My Profile' page of the carDate application. The URL is [localhost:8081/homePage](http://localhost:8081/homePage). The top navigation bar includes icons for Home, Employees, Configurations, and Help. The top right corner shows 'logout root 2021-04-05 10:28:00'. The main form contains fields for Employee Id (1), Sign-in name (root), Password (Old password, New password, Repeat), Full name (Simon Sridhar), Phone no (+9198969897), Email (root@carDate.com), Job title (Director), Initial Menu (home), Is Active? (true), Sign-in expiring (2021-07-27), and Password expiring (2021-05-27). Below the form is a 'Reset' button and a copyright notice: 'Copyright © carDate Ltd.'

Click "Employees" on the top navigation bar.

7. On this screen, the system owner can view and maintain Employees. You can see that "root" has been pre-created.

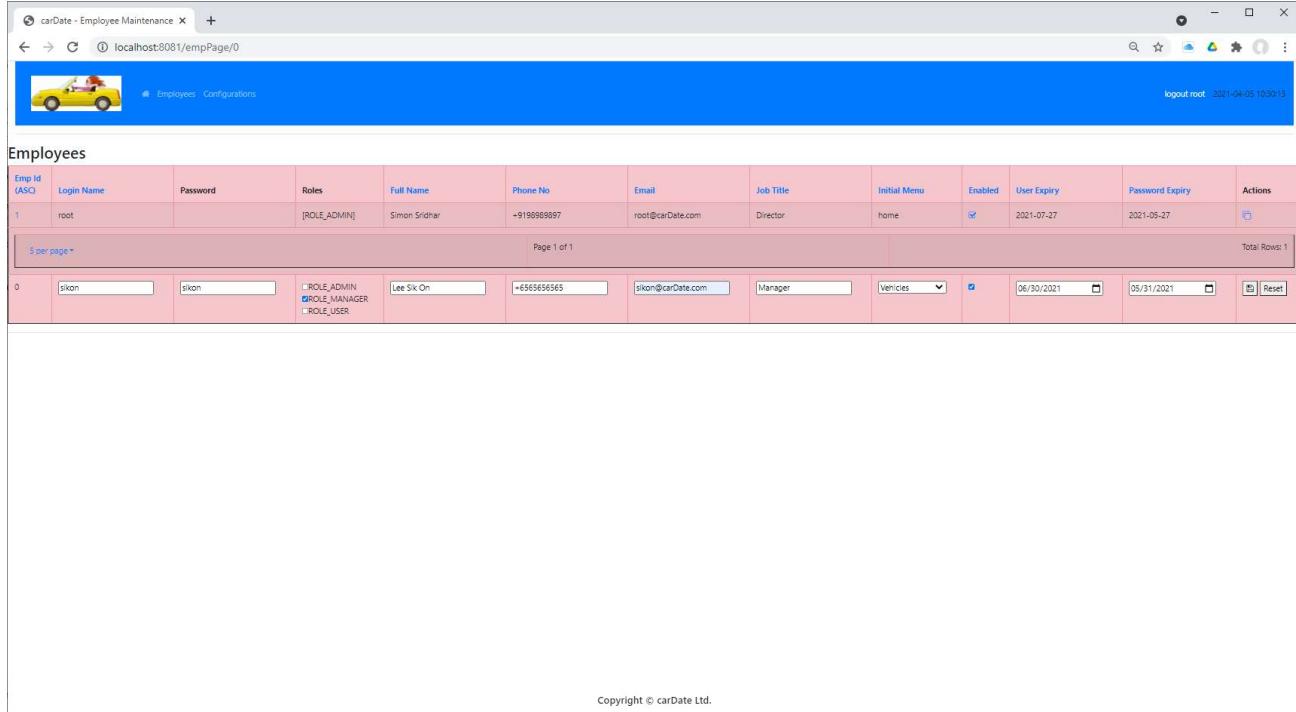

The screenshot shows the 'Employee Maintenance' page of the carDate application. The URL is [localhost:8081/empPage/0](http://localhost:8081/empPage/0). The top navigation bar includes icons for Home, Employees, Configurations, and Help. The top right corner shows 'logout root 2021-04-05 10:29:57'. The main table displays one employee record:

Emp Id (ASQ)	Login Name	Password	Roles	Full Name	Phone No	Email	Job Title	Initial Menu	Enabled	User Expiry	Password Expiry	Actions
1	root		[ROLE_ADMIN]	Simon Sridhar	+9198969897	root@carDate.com	Director	home	<input checked="" type="checkbox"/>	2021-07-27	2021-05-27	

Below the table are filters for 'S per page' (set to 5) and 'Total Rows: 1'. The bottom of the page features a copyright notice: 'Copyright © carDate Ltd.'

8. Input a new user and assign to it the role ROLE\_MANAGER as below. Note that we are assigning for the manager the initial menu Vehicles.

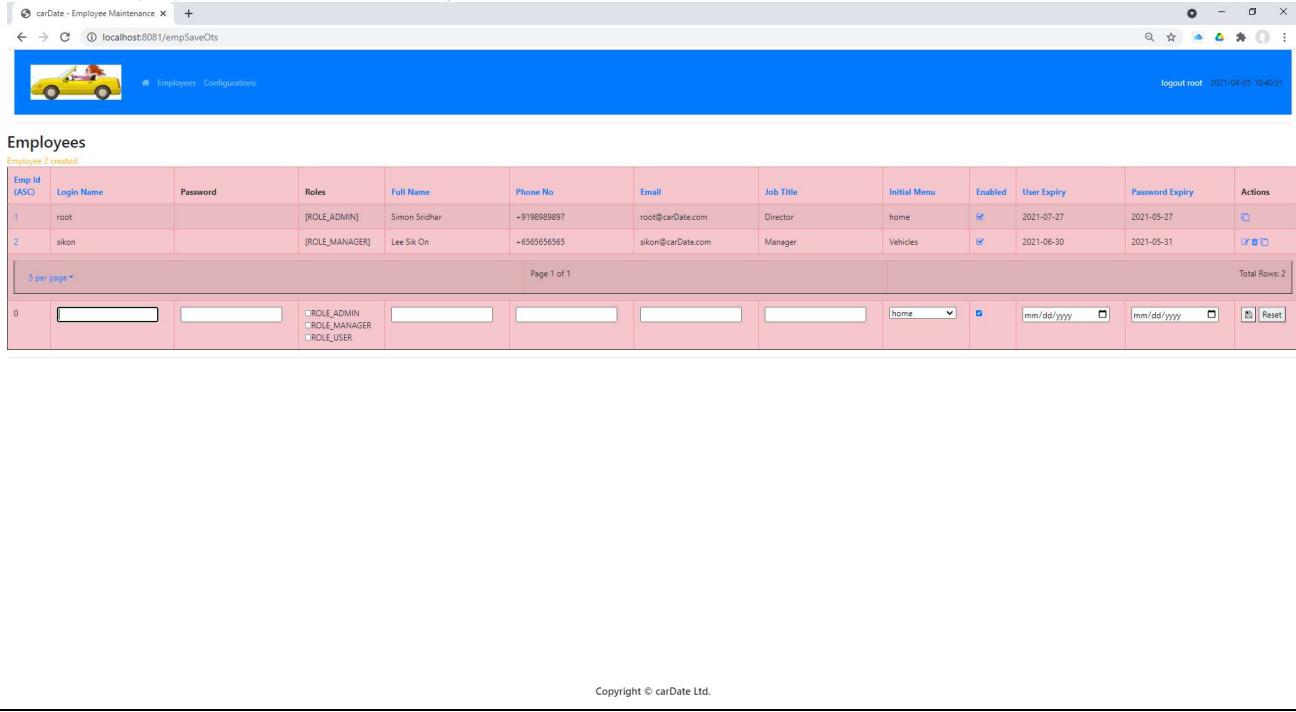

The screenshot shows a web browser window titled "carDate - Employee Maintenance". The URL is "localhost:8081/empPage/0". The page has a blue header bar with a yellow car icon, the text "Employees Configurations", and a "logout root" link. Below the header is a table titled "Employees" with columns: Emp Id (ASC), Login Name, Password, Roles, Full Name, Phone No, Email, Job Title, Initial Menu, Enabled, User Expiry, Password Expiry, and Actions. A single row is visible for "root" with the following values:

1	root		[ROLE_ADMIN] [ROLE_MANAGER] [ROLE_USER]	Simon Sridhar	+9198989897	root@carDate.com	Director	home	<input checked="" type="checkbox"/>	2021-07-27	2021-05-27	<input type="button" value="Reset"/>
---	------	--	---	---------------	-------------	------------------	----------	------	-------------------------------------	------------	------------	--------------------------------------

Below the table are buttons for "5 per page", "Page 1 of 1", and "Total Rows: 1". At the bottom right of the page is the copyright notice "Copyright © carDate Ltd."

Now click the Save button () to save.

9. The Employee record for the manager is created.

The screenshot shows a web browser window titled "carDate - Employee Maintenance". The URL is "localhost:8081/empSaveOts". The page has a blue header bar with a yellow car icon, the text "Employees Configurations", and a "logout root" link. Below the header is a table titled "Employees" with columns: Emp Id (ASC), Login Name, Password, Roles, Full Name, Phone No, Email, Job Title, Initial Menu, Enabled, User Expiry, Password Expiry, and Actions. Two rows are now visible:

1	root		[ROLE_ADMIN]	Simon Sridhar	+9198989897	root@carDate.com	Director	home	<input checked="" type="checkbox"/>	2021-07-27	2021-05-27	<input type="button" value="Reset"/>
2	sikon		[ROLE_MANAGER]	Lee Sik On	+6565656565	sikon@carDate.com	Manager	Vehicles	<input checked="" type="checkbox"/>	2021-06-30	2021-05-31	<input type="button" value="Reset"/>

Below the table are buttons for "5 per page", "Page 1 of 1", and "Total Rows: 2". At the bottom right of the page is the copyright notice "Copyright © carDate Ltd."

10. Click the “Clone” button ( against the newly created Manager to create another user:

The screenshot shows the 'Employees' section of the carDate application. A message at the top says 'Enter required details and then click <Save>.' Below it is a table with two rows of employee data. The first row is for 'root' (Emp Id 1) and the second for 'sikon' (Emp Id 2). The 'Actions' column for 'sikon' contains a blue edit icon. The bottom of the screen shows a search bar and filter options.

Emp Id (ASC)	Login Name	Password	Roles	Full Name	Phone No	Email	Job Title	Initial Menu	Enabled	User Expiry	Password Expiry	Actions
1	root		[ROLE_ADMIN]	Simon Sridhar	+9198989897	root@carDate.com	Director	home	<input checked="" type="checkbox"/>	2021-07-27	2021-05-27	
2	sikon		[ROLE_MANAGER]	Lee Sik On	+6565656565	sikon@carDate.com	Manager	Vehicles	<input checked="" type="checkbox"/>	2021-06-30	2021-05-31	

Page 1 of 1

Total Rows: 2

Copyright © carDate Ltd.

You can see that some but not all of the details are cloned from the existing Employee. Type in the details as per the next screen shot, with Password same as Login Name, and click the save button to save the new record.

11. A third user is created.

The screenshot shows the 'Employees' section after saving a new employee. A message at the top says 'Employee 3 created.' Below it is a table with three rows of employee data. The first row is for 'root' (Emp Id 1), the second for 'sikon' (Emp Id 2), and the third for 'peter' (Emp Id 3). The 'Actions' column for 'peter' contains a blue edit icon. The bottom of the screen shows a search bar and filter options.

Emp Id (ASC)	Login Name	Password	Roles	Full Name	Phone No	Email	Job Title	Initial Menu	Enabled	User Expiry	Password Expiry	Actions
1	root		[ROLE_ADMIN]	Simon Sridhar	+9198989897	root@carDate.com	Director	home	<input checked="" type="checkbox"/>	2021-07-27	2021-05-27	
2	sikon		[ROLE_MANAGER]	Lee Sik On	+6565656565	sikon@carDate.com	Manager	Vehicles	<input checked="" type="checkbox"/>	2021-06-30	2021-05-31	
3	peter		[ROLE_USER]	Peter	+6012345678	peter@carDate.com	Officer	Customers	<input checked="" type="checkbox"/>	2021-06-30	2021-05-31	

Page 1 of 1

Total Rows: 3

Copyright © carDate Ltd.

Notice the “edit” button next to both newly created users is absent against “root”. This is because an Employee is not allowed to edit himself. In order to enable editing of “root”, we will grant the Manager the additional role of ROLE\_ADMIN. Click the edit button () next to the Manager.

12. The Manager is brought down to the edit area. Note the non-zero Emp Id on the left. This means upon savings, the Employee record is update, not created.

Emp Id (ASC)	Login Name	Password	Roles	Full Name	Phone No	Email	Job Title	Initial Menu	Enabled	User Expiry	Password Expiry	Actions
1	root		[ROLE_ADMIN]	Simon Sridhar	+919898989897	root@carDate.com	Director	home	<input checked="" type="checkbox"/>	2021-07-27	2021-05-27	
2	sikon		[ROLE_MANAGER]	Lee Sik On	+6565656565	sikon@carDate.com	Manager	Vehicles	<input checked="" type="checkbox"/>	2021-06-30	2021-05-31	
3	peter		[ROLE_USER]	Peter	+6012345678	peter@carDate.com	Officer	Customers	<input checked="" type="checkbox"/>	2021-06-30	2021-05-31	

5 per page \* Page 1 of 1 Total Rows: 3

Copyright © carDate Ltd.

Check on the check-box next to ROLE\_ADMIN and click on the “save” button.

13. Notice that an additional role is added to the Manager:

Emp Id (ASC)	Login Name	Password	Roles	Full Name	Phone No	Email	Job Title	Initial Menu	Enabled	User Expiry	Password Expiry	Actions
1	root		[ROLE_ADMIN]	Simon Sridhar	+919898989897	root@carDate.com	Director	home	<input checked="" type="checkbox"/>	2021-07-27	2021-05-27	
2	sikon		[ROLE_ADMIN, ROLE_MANAGER]	Lee Sik On	+6565656565	sikon@carDate.com	Manager	Vehicles	<input checked="" type="checkbox"/>	2021-06-30	2021-05-31	
3	peter		[ROLE_USER]	Peter	+6012345678	peter@carDate.com	Officer	Customers	<input checked="" type="checkbox"/>	2021-06-30	2021-05-31	

5 per page \* Page 1 of 1 Total Rows: 3

0 [ ] [ ] [ROLE\_ADMIN ROLE\_MANAGER ROLE\_USER] [ ] [ ] [ ] [ ] home  mm/dd/yyyy  mm/dd/yyyy

Copyright © carDate Ltd.

Do also note that only “Employees” and “Configurations” are visible on the navigation bar. These two are the only functions granted to ROLE\_ADMIN.

Now click on the logout hyperlink on the top right to log out, and login against as the Manager.

14. The Manager has initial menu set to “Vehicles”, and therefore is shown this “Vehicles” page upon login.

The screenshot shows a web browser window titled "carDate - Vehicle Maintenance" with the URL "localhost:8081/vehPage/0". The top navigation bar includes links for Customers, Vehicles, Hires, Employees, and Configurations. A yellow car icon is on the left. On the right, there is a "logout sikon 2021-04-05 10:54:29" message. The main content area is titled "Vehicles" and contains a table header with columns: Vehicle Id (ASC), License Plate, Pictures, Brand, Model, Engine, BHP, Top Speed, Current Hirer, Status, Daily Rate, Hire history, and Actions. Below the header, a button "Show only Hired" is highlighted. The table body is empty, showing "Page 1 of 0" and "Total Rows: 0". At the bottom, there are search fields for License Plate ("Aston Martin"), Brand ("Aston Martin"), Model ("X5"), and other filters like Engine (4800), BHP (350), Top Speed (241), Status (FREE), Daily Rate (100), and a date field (00). A "Reset" button is also present.

Copyright © carDate Ltd.

Note that the navigation bar contains the items Customers, Vehicles, Hires, Employees, and Configurations. These are granted to Employees with **ROLE\_ADMIN** and **ROLE\_MANAGER** roles.

15. Create the first Vehicle as below:

The screenshot shows the same "carDate - Vehicle Maintenance" page after creating a vehicle. The table now has one row, indicated by the number "1" in the first column. The vehicle details are: License Plate "BMW101", Brand "BMW", Model "X5", Engine "4800", BHP "350", Top Speed "241", Status "FREE", and Daily Rate "100". The rest of the interface is identical to the previous screenshot, including the navigation bar, search filters, and footer copyright notice.

Copyright © carDate Ltd.

Then click the save button ( ) to save.

## 16. The first Vehicle is created.

The screenshot shows a web-based application titled "carDate - Vehicle Maintenance". The main content area displays a table titled "Vehicles" with one row of data. The columns include: Vehicle Id (ASC), License Plate, Pictures, Brand, Model, Engine, BHP, Top Speed, Current Hirer, Status, Daily Rate, Hire history, and Actions. The single entry is: Vehicle Id 7, License Plate BMW101, Brand BMW, Model X5, Engine 4800, BHP 350, Top Speed 241, Status FREE, Daily Rate \$100.00, and Actions showing a blue edit icon. Below the table are filtering and pagination controls, and a note indicating "Page 1 of 1" and "Total Rows: 1".

Copyright © carDate Ltd.

Now click Customers.

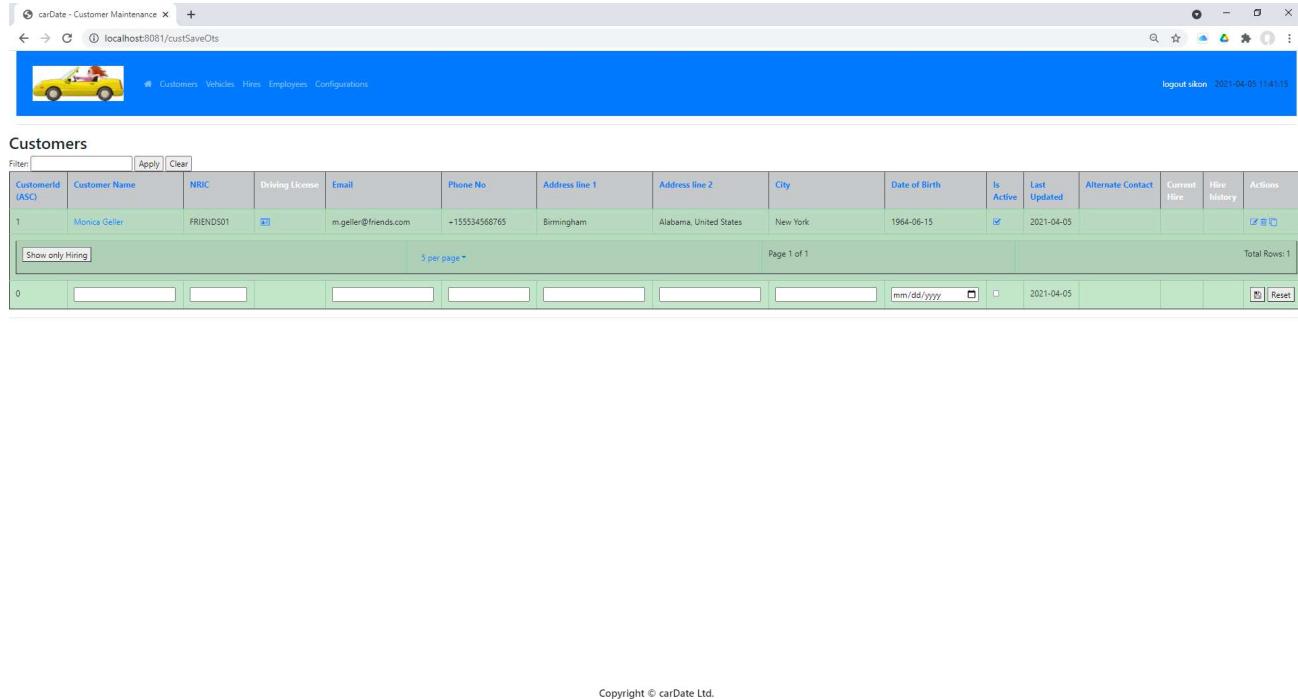

## 17. The Customers page is displayed to view and maintain Customer. Enter the first customer as below:

The screenshot shows a web-based application titled "carDate - Customer Maintenance". The main content area displays a table titled "Customers" with one row of data. The columns include: CustomerId (ASC), Customer Name, NRIC, Driving License, Email, Phone No, Address line 1, Address line 2, City, Date of Birth, Is Active, Last Updated, Alternate Contact, Current Hirer, Hire history, and Actions. The single entry is: CustomerId 0, Customer Name Monica Geller, NRIC FRIENDS01, Driving License m.geller@friends.com, Email m.geller@friends.com, Phone No +15534568765, Address line 1 Birmingham, Address line 2 Alabama, United States, City New York, Date of Birth 06/15/1964, Is Active checked, Last Updated 2021-04-05, Alternate Contact, Current Hirer, and Actions showing a blue edit icon. Below the table are filtering and pagination controls, and a note indicating "Page 1 of 0" and "Total Rows: 0".

Copyright © carDate Ltd.

Then click the save button to save.

## 18. Customer is created.

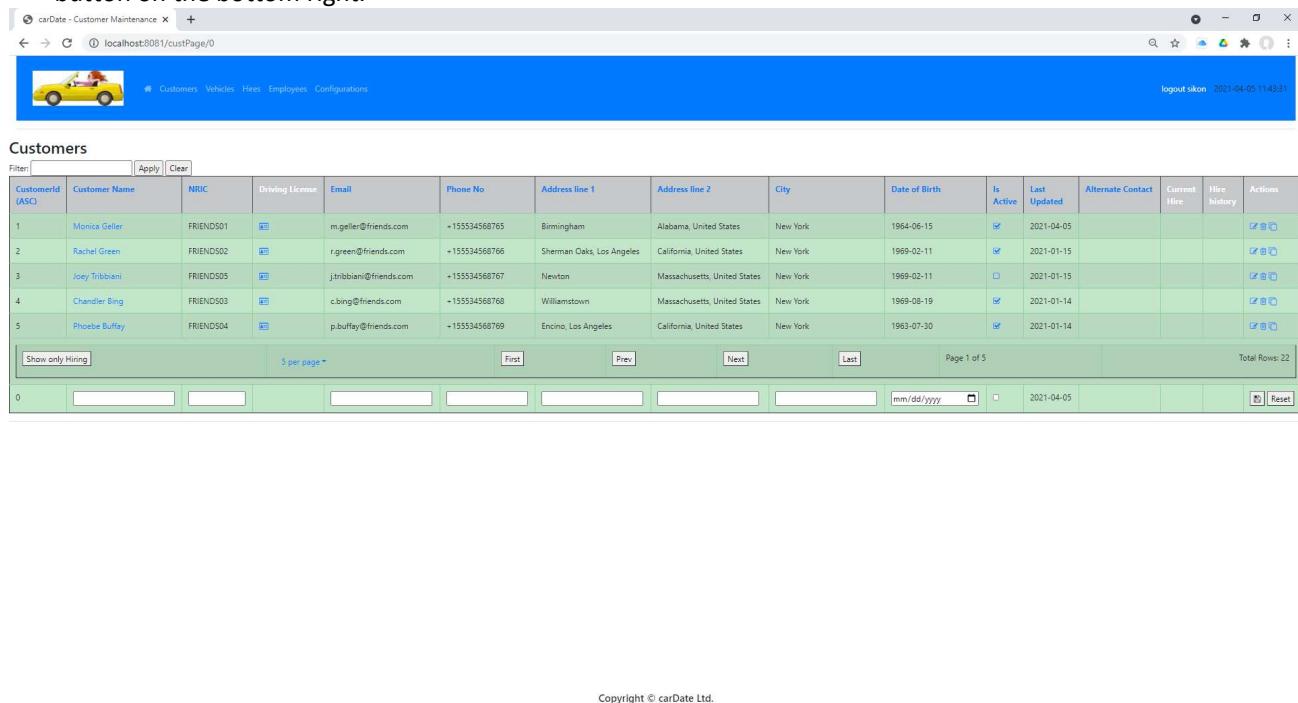

The screenshot shows a web browser window titled "carDate - Customer Maintenance". The URL is "localhost:8081/custSaveOts". The page displays a table of customers. A single row is highlighted in green, representing Monica Geller. The columns include CustomerId (ASC), Customer Name, NRIC, Driving License, Email, Phone No, Address line 1, Address line 2, City, Date of Birth, Is Active, Last Updated, Alternate Contact, Current Hire, and Hire history. The "Is Active" column for Monica Geller has a checked checkbox. The "Last Updated" column shows "2021-04-05". The bottom of the table has a "Reset" button.

Customerid (ASC)	Customer Name	NRIC	Driving License	Email	Phone No	Address line 1	Address line 2	City	Date of Birth	Is Active	Last Updated	Alternate Contact	Current Hire	Hire history	Actions
1	Monica Geller	FRIENDS01	<input type="text"/>	m.geller@friends.com	+155534568765	Birmingham	Alabama, United States	New York	1964-06-15	<input checked="" type="checkbox"/>	2021-04-05				<input type="checkbox"/> <input type="checkbox"/>

Copyright © carDate Ltd.

## 19. Proceed to execute step 7 of "src\test\sql\_scripts" to create more Customers and Vehicles. The click Reset button on the bottom right.

The screenshot shows a web browser window titled "carDate - Customer Maintenance". The URL is "localhost:8081/custPage/0". The page displays a table of customers. Five rows are visible, each representing a different character from the TV show Friends. The columns are identical to the previous screenshot. The "Is Active" column for Monica Geller has a checked checkbox. The "Last Updated" column shows "2021-04-05". The bottom of the table has a "Reset" button.

Customerid (ASC)	Customer Name	NRIC	Driving License	Email	Phone No	Address line 1	Address line 2	City	Date of Birth	Is Active	Last Updated	Alternate Contact	Current Hire	Hire history	Actions
1	Monica Geller	FRIENDS01	<input type="text"/>	m.geller@friends.com	+155534568765	Birmingham	Alabama, United States	New York	1964-06-15	<input checked="" type="checkbox"/>	2021-04-05				<input type="checkbox"/> <input type="checkbox"/>
2	Rachel Green	FRIENDS02	<input type="text"/>	r.green@friends.com	+155534568766	Sherman Oaks, Los Angeles	California, United States	New York	1969-02-11	<input checked="" type="checkbox"/>	2021-01-15				<input type="checkbox"/> <input type="checkbox"/>
3	Joey Tribbiani	FRIENDS03	<input type="text"/>	j.tribbiani@friends.com	+155534568767	Newton	Massachusetts, United States	New York	1969-02-11	<input type="checkbox"/>	2021-01-15				<input type="checkbox"/> <input type="checkbox"/>

5	Phoebe Buffay	FRIENDS04	<input type="text"/>	p.buffy@friends.com	+155534568769	Encino, Los Angeles	California, United States	New York	1963-07-30	<input checked="" type="checkbox"/>	2021-01-14				<input type="checkbox"/> <input type="checkbox"/>

Copyright © carDate Ltd.

Note on the navigation row that shows these info:

- Show only Hiring button will be explained later.
- That we are displaying 5 items per page.
- That we are at page 1 of a total of 5 pages of Customers.
- That there are a total of 22 Customers to display.

Now go on and click "Vehicles" on the navigation bar.

## 20. 5 of 16 Vehicles are shown.

Click "Choose File":

4. On the file selection window, pick a picture with size over 2MB:

File name: 2015-01-17 11.06.09.jpg

Custom Files (\*.png;\*.jpg;\*.jpeg)

Open Cancel

and click Open.

5. A preview of the selected picture is shown.

The screenshot shows a customer maintenance interface. On the left, a table lists customers with columns for CustomerID, Customer Name, NRIC, Driving License, Email, and Phone No. In the center, a modal window titled "Customer Driving license" displays a preview of a file named "2015-01-17 11:06:09.jpg". Below the preview is a "Upload picture" button. At the bottom right of the modal is a "Close" button. The background table shows 10 rows of customer data. At the bottom, there are navigation buttons for First, Prev, Next, Last, and a date range selector from mm/dd/yyyy to 2021-04-05, along with a "Reset" button. The copyright notice "Copyright © carDate Ltd." is at the bottom right.

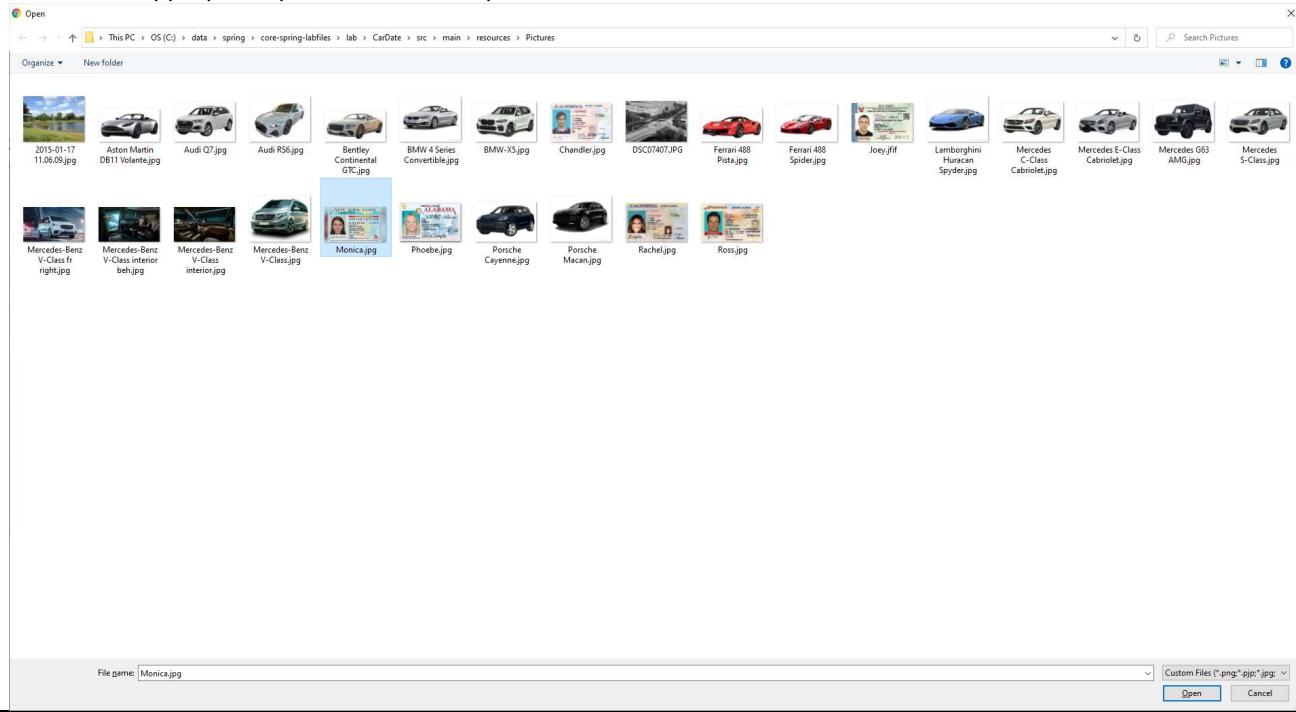

Click "Upload picture".

6. The upload is rejected as the file size exceeded the upper limit.

This screenshot is similar to the previous one but shows a rejection message in the modal window. The message reads: "Picture file size exceeded the maximum, please pick a picture of smaller file size." The rest of the interface, including the customer table and footer, is identical to the first screenshot.

Click [Choose file] to pick another picture.

## 7. Pick an appropriate picture and click Open.

## 8. A preview of the picture is shown.

The screenshot shows a web browser window titled 'carDate - Customer Maintenance'. The URL is 'localhost:8081/custPic/1'. The page displays a table of customer information with columns for Customer ID, Customer Name, NRIC, Driving License, Email, and Phone No. The table includes rows for Monica Geller, Rachel Green, Joey Tribbiani, Chandler Bing, Phoebe Buffay, Ross Green, Jerry Seinfeld, George Costanza, Kramer Cosmos, and Elaine Benes. An 'Actions' column contains edit and delete icons. On top of the table, a modal dialog box titled 'Customer Driving license' is open, showing a preview of the selected image 'Monica.jpg'. The dialog has fields for 'Choose File' (set to 'Monica.jpg') and 'Upload picture'. At the bottom of the dialog is a 'Close' button. The background table has a 'Show only Hiring' checkbox at the top left and a '10 per page' dropdown. Navigation buttons for First, Prev, Next, Last, and a page number indicator 'Page 1 of 3' are visible. A footer note 'Copyright © carDate Ltd.' is at the bottom.

Click [Upload picture] button to upload it.

9. The picture is uploaded, and reflected on the Modal, and also as thumbnail on Customers page.

The screenshot shows a customer list table with 10 rows of data. A modal window titled "Customer Driving license" is open over the table, displaying a sample driver's license for Monica Geller. Below the license image are buttons for "Choose File" (disabled), "Replace with new picture", and "Delete picture". A message "New picture uploaded successfully." is shown above a "Close" button. The main table has columns: CustomerId, Customer Name, NRIC, Driving License, Email, Phone No, City, Date of Birth, Is Active, Last Updated, Alternate Contact, Current Hire, and Hire History. The "Actions" column contains edit and delete icons. The bottom of the screen shows pagination controls and a date filter.

Click "Close".

10. Return from Modal.

This screenshot shows the same customer list table as the previous one, but the modal is no longer visible. The customer data remains the same, including the uploaded driver's license photo for Monica Geller. The table structure and controls are identical to the first screenshot.

Click on "Rachel Green" under Customer name. This will pin the Customer.

11. Rachel appears on the top of the screen as pinned Customer. Pinned Customer facilitates Customer related operations. This will be demonstrated later.

The screenshot shows a web-based application for managing customers. At the top, there's a navigation bar with links for Customers, Vehicles, and Hires. On the right side of the header, it says "logout peter 2021-04-05 12:51:33". Below the header is a blue banner with a yellow car icon and the text "Customers". A search bar labeled "Filter:" with "Apply" and "Clear" buttons is present. The main content area is a table titled "Customers" with 10 rows of data. The first row for Rachel Green has a blue pin icon next to her name. The table includes columns for Customer ID, Customer Name, NRIC, Driving License, Email, Phone No, Address Line 1, Address Line 2, City, Date of Birth, Is Active, Last Updated, Alternate Contact, Current Hire, and Hire History. At the bottom of the table, there are buttons for "Show only Hiring", "10 per page", "First", "Prev", "Next", "Last", and "Page 1 of 3". To the right, it says "Total Rows: 22". Below the table is a footer with date and time fields: "mm/dd/yyyy" (2021-04-05), "2021-04-05", "Rachel Green", and "Reset".

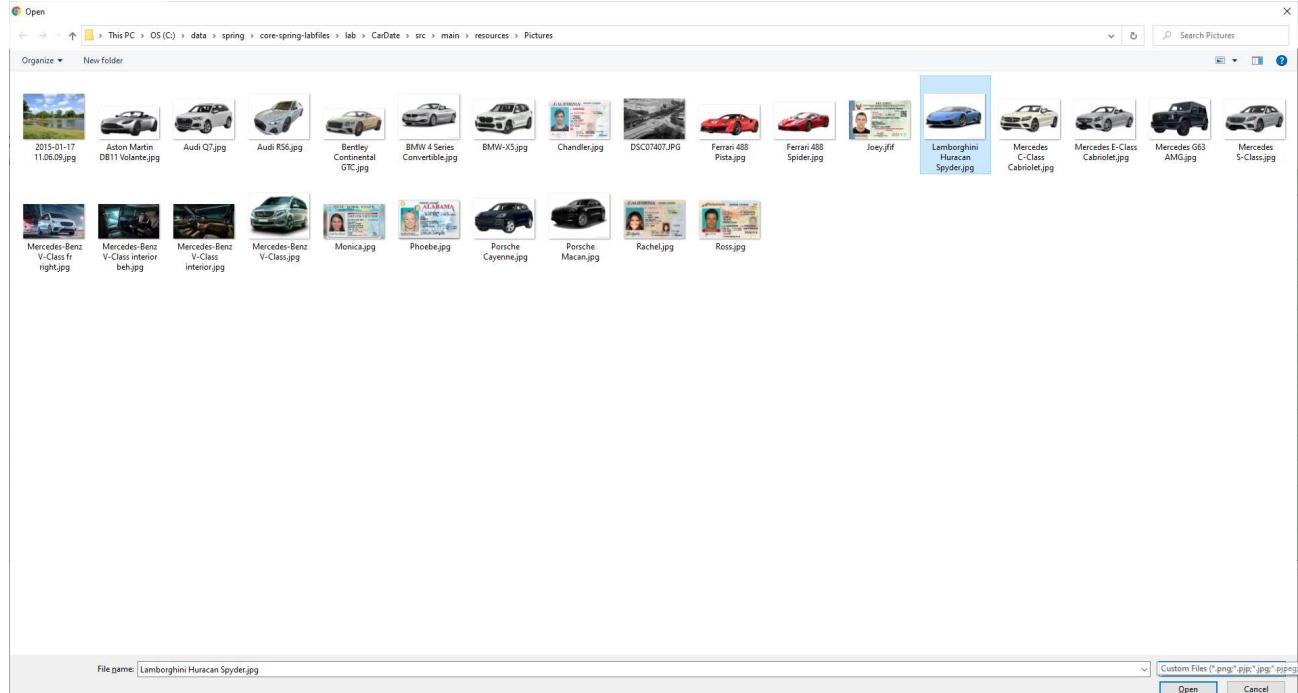

Click on the picture icon (🖼) under “Driving License” next to Rachel. You may click the one at the pin Customer, or the one in the Customer list. They are the same.

12. A blank Modal is shown.

This screenshot shows the same application interface as the previous one, but with a modal dialog box overlaid. The dialog is titled "Customer Driving license" and contains a single line of text: "Rachel Green". Below this text is a "Choose File" button followed by a message "No file chosen". There is also a "Upload picture" button. In the bottom right corner of the dialog, there is a small "Close" button. The background of the application is dimmed, indicating the modal is active.

Click [Choose File].

### 13. Pick a car picture and click Open.

### 14. Preview of the chosen picture is shown.

The screenshot shows a web browser window titled 'carDate - Customer Maintenance'. The URL is 'localhost:8081/custPic'. The main page displays a list of customers with columns for Customer ID, Customer Name, NRIC, Driving License, Email, and Phone No. A modal dialog titled 'Customer Driving license' is open, showing a preview of the car picture 'Lamborghini Huracan Spyder.jpg'. The modal has a 'Choose File' button and an 'Upload picture' button. The background page shows a table of customer details and a footer with copyright information.

Click Upload picture.

15. Note that the picture on the Modal is refreshed, as well as the two thumbnails on the Customers page behind.

The screenshot shows a web application interface. At the top, there's a header bar with a logo and navigation links. Below it is a main content area divided into two sections. On the left, a table titled 'Customers' lists ten entries with columns for Customer ID, Name, NRIC, Driving License, Email, and Phone No. On the right, a modal dialog titled 'Customer Driving license' is open for 'Rachel Green'. It displays a blue sports car thumbnail, a file input field ('Choose File'), and a message 'New picture uploaded successfully.' with a 'Close' button. The background table also shows details like Date of Birth, Is Active, Last Updated, Alternate Contact, Current File, File History, and Actions.

Copyright © carDate Ltd.

You can correct the mistake by replacing it will a correct picture. Click [Choose File] again.

16. Pick the correct picture and click Open.

The screenshot shows a Windows File Explorer window displaying a grid of image files. The files include various car models (Aston Martin DB11, Audi Q7, Bentley Continental GT, BMW 4 Series Convertible, BMW X5, Chandler, DSC07407, Ferrari 488 Pista, Joey, Lamborghini Huracan Spyder, Mercedes-Benz C-Class Cabriolet, Mercedes E-Class Cabriolet, Mercedes G63, Mercedes S-Class) and license plates (Monica, Phoebe, Rachel, Ross). The bottom of the window shows a file selection dialog with 'File name' set to 'Rachel.jpg', a 'Custom Files (\*.png; \*.jpg; \*.jpeg)' dropdown, and 'Open' and 'Cancel' buttons.

17. Preview of the chosen picture is shown.

The screenshot shows a 'Customer Driving license' modal window. Inside, there is a large image of a blue Lamborghini sports car. Below it is a thumbnail of a driver's license with the name 'Rachel' and the file name 'Rachel.jpg'. There are two buttons at the bottom left of the modal: 'Choose File' and 'Replace with new picture'. A small 'Close' button is at the bottom right. The background shows a table of customer data and a navigation bar.

Click [Replace with new picture].

18. The picture on the Modal is replaced, and as well as the thumbnails behind.

The screenshot shows the same 'Customer Driving license' modal window, but now it displays a California driver's license for 'RACHEL GREEN'. The photo on the license is different from the previous one. The background table and navigation bar are identical to the first screenshot.

You can also delete a picture. Click Delete picture.

19. You will get a prompt, to which you can click "OK" to proceed, or "Cancel" to back out.

localhost:8081 says  
Proceed to delete this picture?

OK Cancel

Copyright © carDate Ltd.

Go on and click the save button.

23. The application detected that there have not been any changes, and inform you accordingly, and leave Ross's record in the edit area.

Copyright © carDate Ltd.

Proceed to change Ross's name from Ross Green to Ross Geller, and save it.

24. Ross's record is saved.

Copyright © carDate Ltd.

25. Click the link icon ( under Alternate Contact at the row corresponding to Ross. Here you witness one usage of pinned Customer. This action is to tag Ross as the alternate contact of pinned Customer Rachel.

The screenshot shows a modal dialog box centered over a table of customer data. The modal contains the text: "localhost:8081 says" and "Proceed to nominate "Ross Geller" as alternate contact for "Rachel Green"" with "OK" and "Cancel" buttons. Below the modal is a table titled "Customers" with columns: CustomerId (ASC), Customer Name, NRIC, Driving License, Email, Phone No, Address line 1, Address line 2, City, Date of Birth, Is Active, Last Updated, Alternate Contact, Current Hire, and Actions. The table rows list various characters from the TV show Friends. The "Alternate Contact" column for Rachel Green (row 2) contains a link icon ().

[localhost:8081/custLink/6](http://localhost:8081/custLink/6)

Click OK.

26. Note that Ross Geller appears under Alternate Contact column for Rachel Green.

The screenshot shows the same customer data table as before, but with the "Alternate Contact" column for Rachel Green (row 2) now displaying "Ross Geller" instead of the link icon. The rest of the table and interface remain the same.

Copyright © carDate Ltd.

Let's do another one. Pin Phoebe Buffay.

## 27. With Phoebe pinned, nominate Chandler as her alternate contact.

carDate - Customer Maintenance   friends cast - Google Search

localhost:8081/custPin/5

localhost:8081 says  
Proceed to nominate "Chandler Bing" as alternate contact for "Phoebe Buffy"?

**OK**   **Cancel**

### 33. You are prompted to de-activate Monica.

Screenshot of a web browser showing a confirmation dialog box. The dialog box contains the text "localhost:8081 says Proceed to de-activate 'Monica Geller'?" with "OK" and "Cancel" buttons. The background page shows a customer list titled "Customers" with 22 rows of data. The last row is highlighted in green. The footer of the page includes a "Show only Hiring" link, a "10 per page" dropdown, and navigation buttons (First, Prev, Next, Last). The bottom right corner shows "Page 1 of 3" and "Total Rows: 22".

[localhost:8081/custAndOts/-1](http://localhost:8081/custAndOts/-1)

Copyright © carDate Ltd.

Click OK.

### 34. Monica is deactivated. You will notice that the Employee peter is not able to re-activate the Customer. The function is only granted to Employees with ROLE\_MANAGER.

Screenshot of a web browser showing the same customer list as the previous screenshot. The last row (Elaine Benes) is now highlighted in green. The footer of the page includes a "Show only Hiring" link, a "10 per page" dropdown, and navigation buttons (First, Prev, Next, Last). The bottom right corner shows "Page 1 of 3" and "Total Rows: 22".

The Customer name under Alternate Contact column serves one more purpose. It pins that customer, so that you can easily pull out the details when needed. For example, you are trying to contact Joey, but he does not respond. So you look over to the Alternate Contact column and see Chandler. You just click “Chandler Bing” under the Alternate Contact column.

### 38. And Chandler Bing surfaces are the pinned Customer.

Click on the column heading NRIC.

43. Note that the (ASC) annotation now moves to NRIC column. This indicates that the page is now sorted by NRIC in ascending sequence.

The screenshot shows a web-based application titled "carDate - Customer Maintenance". The main content area is a table titled "Customers" with the following columns: Customer ID, Customer Name, NRIC (ASC), Driving License, Email, Phone No, Address line 1, Address line 2, City, Date of Birth, Is Active, Last Updated, Alternate Contact, Current Hire, Hire history, and Actions. The table contains 17 rows of customer data. A filter bar at the top left includes fields for "Filter", "Apply", and "Clear". Below the table are buttons for "First", "Prev", "Next", and "Last", and a message "Page 1 of 3 Total Rows: 23". At the bottom, there are buttons for "Show only Hiring", "10 per page", and "Reset". The status bar at the bottom right shows "Copyright © carDate Ltd.".

Note the newly created Customer Ursula now appears because of the NRIC value.  
Click column heading NRIC once more.

44. The (ASC) annotation turns into (DESC), but stays at NRIC column. Clicking the current sorted-by column heading reverses the sort order. Note that the current page number has changed from 1 to 3. This is a mechanism that derives a page number when the order is reversed, so that the page stays around the same set of records as before.

The screenshot shows the same web-based application as the previous one, but the data is sorted by NRIC in descending order. The table structure and columns are identical to the previous screenshot. The status bar at the bottom right shows "Copyright © carDate Ltd.".

Customer ID	Customer Name	NRIC (DESC)	Driving License	Email	Phone No	Address line 1	Address line 2	City	Date of Birth	Is Active	Last Updated	Alternate Contact	Current Hire	Hire history	Actions

Click column heading Date of Birth.

45. When you switch sort field, the sort order changes to ascending, the annotation (ASC) moves to the nominated sort field, and page number goes back to 1.

Copyright © carDate Ltd.

Most of the columns can be sorted.

46. Click Next to move to page 2.

Copyright © carDate Ltd.

Note that you are on page 2. You will later return to Customers page, and you will go right onto this page, sorted by ascending Date of Birth.

47. Now let's go to Vehicles page. Click Vehicles on the navigation bar, and the following appears.

The screenshot shows a web browser window titled "carDate - Vehicle Maintenance" at "localhost:8081/vehPage/0". The top navigation bar includes links for Customers, Vehicles, and Hires. A yellow car icon is on the left. The main content area has a blue header "Vehicles". Below it is a table with columns: Pinned Customer Id, Customer Name, NRIC, Email, Phone No, Is Active, Alternate Contact, Current Hire, Hire history, and Actions. A single row is shown for "Chandler Bing" with ID 4. The table has a light green header and rows. At the bottom, there are buttons for "Show only Hired", "5 per page", "First", "Prev", "Next", "Last", "Page 1 of 4", and "Total Rows: 16".

Pinned Customer Id	Customer Name	NRIC	Email	Phone No	Is Active	Alternate Contact	Current Hire	Hire history	Actions
4	Chandler Bing	FRIENDS03	cbing@friends.com	+155534568768	<input checked="" type="checkbox"/>				<input type="button" value="x"/>

Note that the pinned Customer continues to appear even on a Vehicles page. Also note that there are no buttons under the Actions column, and the Vehicle edit area is absent. This is because peter the Employee only has ROLE\_USER authority, and is not allowed to update Vehicles except for the albums.

48. You can also have pinned Vehicle. Click the License Plate BMW101, and it appears as pinned Vehicle.

The screenshot shows a web browser window titled "carDate - Vehicle Maintenance" at "localhost:8081/vehPin/". The top navigation bar includes links for Customers, Vehicles, and Hires. A yellow car icon is on the left. The main content area has a blue header "Vehicles". Below it is a table with columns: Pinned Customer Id, Customer Name, NRIC, Email, Phone No, Is Active, Alternate Contact, Current Hire, Hire history, and Actions. A single row is shown for "Chandler Bing" with ID 4. The table has a light green header and rows. The vehicle row for "BMW101" is highlighted with a yellow background. At the bottom, there are buttons for "Show only Hired", "5 per page", "First", "Prev", "Next", "Last", "Page 1 of 4", and "Total Rows: 16".

Click [Choose File].

51. Pick a picture for the Vehicle, and click Open.

52. Click [Add Picture].

The screenshot shows a web browser window for 'carDate - Vehicle Maintenance' at the URL 'localhost:20081/vehPicts/7'. The page displays a list of vehicles in a table. A modal dialog box titled 'BMW / X5' is open over the table, showing a preview of a car image and an 'Add Picture' button. The table has columns for 'Customer Id', 'Customer Name', 'NRIC', 'Email', 'Vehicle Id', 'License Plate', 'Pictures', 'Brand', and 'Model'. The table shows 16 rows of vehicle data. At the bottom of the page, there are navigation buttons for 'First', 'Prev', 'Next', and 'Last', and a status message 'Page 1 of 4 Total Rows: 16'.

53. The picture is added to the Vehicle Album. Since this Vehicle has no profile picture, the newly added picture is also designated as the profile picture, and shows up as thumbnails on the pinned Vehicle as well as the Vehicles page behind. Click Close.

Click [Choose File].

## 55. Pick a picture and click Open.

## 56. Picture preview is shown, click [Add Picture].

The screenshot shows a web application titled 'carDate - Vehicle Maintenance'. The URL is 'localhost:8081/vehPicts/19'. The main page displays a table of vehicles with columns: Vehicle ID, License Plate, Pictures, Brand, Model, Engine, BHP, Top Speed, Current Hire, Status, Daily Rate, Hire History, and Actions. A modal dialog box titled 'Mercedes Benz / V Class' is open over the table. It contains a file input field 'Choose File' with the path 'C:\Users\pete\Downloads\Mercedes-Benz V-Class fr right.jpg' and a preview image of a white Mercedes-Benz V-Class. Below the preview is an 'Add Picture' button. The background table has one row visible:

Vehicle ID	License Plate	Pictures	Brand	Model	Engine	BHP	Top Speed	Current Hire	Status	Daily Rate	Hire History	Actions
17	ADM114		Aston Martin	DB11 Volante	4.0L	503	300		FREE	\$400.00		<a href="#">Edit</a>

At the bottom of the page, there are buttons for 'Show only Hired', '5 per page \*', 'First', 'Prev', 'Next', 'Last', 'Page 3 of 4', and 'Total Rows: 16'.

57. The picture is added to the empty album. Since the Vehicle has no profile picture, this new picture is designated profile picture and updated onto the thumbnail behind the Modal.

The screenshot shows a web-based vehicle management system. A modal window titled "Mercedes Benz / V Class" is open, prompting the user to "Choose File" or "Add Picture". A thumbnail of a white Mercedes-Benz V-Class is displayed. Below the modal, a message says "New picture uploaded successfully!" with a "Close" button. The background shows a list of vehicles with columns for vehicle ID, license plate, pictures, brand, model, hire status, daily rate, and actions. The vehicle MCD3100 is selected. The bottom of the screen shows navigation buttons like First, Prev, Next, Last, and a page indicator "Page 3 of 4".

Click [Choose File] again.

58. Pick another picture and click open.

The screenshot shows a Windows File Explorer window displaying a folder containing various vehicle images and ID cards. The file "Mercedes-Benz V-Class interior beh.jpg" is selected, highlighted with a blue border. The file list includes: 2015-01-17 11.06.05.jpg, Aston Martin DB11 Volante.jpg, Audi Q7.jpg, Audi RS6.jpg, Bentley Continental GT.jpg, BMW 4 Series Convertible.jpg, BMW X5.jpg, Chandler.jpg, DSC07407.JPG, Ferrari 488 Pista.jpg, Ferrari 488 Spider.jpg, Joey.jif, Lamborghini Huracan Spyder.jpg, Mercedes C-Class Cabriolet.jpg, Mercedes E-Class Cabriolet.jpg, Mercedes G63 AMG.jpg, Mercedes S-Class.jpg, and Phoebe.jpg, Monica.jpg, Porsche Cayenne.jpg, Porsche Macan.jpg, Rachel.jpg, Ross.jpg. At the bottom, there is a file selection dialog with "File name: Mercedes-Benz V-Class interior beh.jpg", a "Custom Files (\*.png; \*.jpg; .jpeg)" dropdown, and "Open" and "Cancel" buttons.

59. Picture preview is shown, click [Add Picture].

The screenshot shows a web browser window for 'carDate - Vehicle Maintenance' at 'localhost:8081/vehPicts/19'. On the left, there's a sidebar with icons for Customers, Vehicles, and Hires. The main area has tabs for 'Customers', 'Vehicles', and 'Hires'. A modal dialog box is open over a table of vehicles. The modal title is 'Mercedes Benz / V Class' and it contains a file input field with the placeholder 'Choose File | Mercedes-B...terior beh.jpg'. Below the input is a thumbnail image of a white Mercedes-Benz V-Class van. At the bottom of the modal is a 'Close' button.

## 61. Pick a wrong picture, click Open.

## 62. Click [Add Picture].

The screenshot shows a web-based vehicle management system. On the left, there's a sidebar with 'Customers', 'Vehicles', and 'Hires'. The main area displays a table of vehicles with columns for 'Vehicle Id', 'License Plate', 'Pictures', 'Brand', and 'Model'. A modal window is centered, titled 'Mercedes Benz / V Class' and 'MCD2100'. It features a 'Choose File' button, a preview image of a red Mercedes-Benz V-Class, and an 'Add Picture' button. The background shows a list of vehicles with their details like 'Customer Name' (Chandler Bing), 'NRIC' (FRIENDS03), and 'Email' (cbing@friends.com). The top right of the screen shows a user 'logout peter' and a timestamp '2021-04-09 16:40:20'.

63. Repeat the above step so you have four pictures in the album, with two wrong pictures.

The screenshot shows a web-based vehicle management system. On the left, there's a sidebar with 'Customers', 'Vehicles', and 'Hires'. Below it, a 'Vehicles' section lists various cars with filters for 'Brand' (BMW, Audi, Mercedes-Benz) and 'Model' (X5, Q7, V-Class). A modal window titled 'Mercedes Benz / V Class' is open, showing a placeholder 'Choose File' button and a 'No file chosen' message. It contains four images of different sports cars: a white Mercedes-Benz V-Class, a red Ferrari 488 Spider, a blue Lamborghini Huracan Spyder, and another blue Lamborghini Huracan Spyder. A message at the bottom says 'New picture uploaded successfully.' and a 'Close' button. To the right, a 'Hire History' table shows rows for different vehicles with columns for 'Active', 'Alternate Contact', 'Current Hire', 'Hire history', and 'Actions'. The table includes rows for a 'BMW X5' (FREE, \$100.00), a 'Ferrari 488 Spider' (FREE, \$400.00), a 'Lamborghini Huracan Spyder' (FREE, \$600.00), an 'Audi Q7' (FREE, \$130.00), and another 'Lamborghini Huracan Spyder' (FREE, \$220.00).

Click [Choose File] to add yet another picture.

64. Pick this picture and click Open.

A Windows file explorer window is shown, navigating through 'This PC > OS (C) > data > spring > core-spring-labfiles > lab > CaDate > src > main > resources > Pictures'. The folder contains numerous files: car images like '2015-01-11.06.05.jpg', 'Aston Martin DB11 Volante.jpg', 'Audi Q7.jpg', 'Audi RS6.jpg', 'Bentley Continental GTC.jpg', 'BMW 4 Series Convertible.jpg', 'BMW X5.jpg', 'Chandler.jpg', 'DSC07407.JPG', 'Ferrari 488 Spider.jpg', 'Joey.jif', 'Lamborghini Huracan Spyder.jpg', 'Mercedes C-Class Cabriolet.jpg', 'Mercedes E-Class Cabriolet.jpg', 'Mercedes G63.jpg', 'Mercedes S-Class.jpg'; and ID cards like 'Monica.jpg', 'Phoebe.jpg', 'Porsche Cayenne.jpg', 'Porsche Macan.jpg', 'Rachel.jpg', 'Ross.jpg'. One file, 'Mercedes-Benz V-Class interior.jpg', is highlighted with a blue selection box. At the bottom, a file dialog box is open with 'File name: Mercedes-Benz V-Class.jpg' in the 'File name:' field, 'Custom Files (\*.png;\*.jpg;\*.jpeg)' in the 'Custom Files (\*.png;\*.jpg;\*.jpeg):' dropdown, and 'Open' and 'Cancel' buttons.

## 65. Chosen picture in preview.

The screenshot shows a web browser window with a blue header bar. Below it is a navigation bar with links for 'Customers', 'Vehicles', and 'Hires'. The main content area has a table for 'Vehicles' with columns for 'Vehicle ID (ASC)', 'License Plate', 'Pictures', 'Brand', and 'Model'. One row in the table is highlighted. To the right of the table is a modal dialog box. At the top of the modal is a file input field with the text 'Choose File: Mercedes-Benz V-Class.jpg'. Below the file input is a button labeled 'Add Picture'. Underneath the button is a preview area showing five different car images: a white Mercedes-Benz V-Class, the interior of a car, a red Ferrari, a blue Lamborghini, and a silver Mercedes-Benz V-Class. At the bottom right of the modal is a blue 'Close' button.

Click [Add Picture].

## 66. Now the album has 5 pictures. Click Close to exit Modal.

This screenshot is identical to the previous one, showing the same web application interface and modal dialog. The difference is in the modal's content: the file input field now says 'No file chosen', indicating that the file selection process has been completed. The preview area still shows the five car images. The 'Close' button remains at the bottom right of the modal.

67. Note the literal 5 next to the Vehicle profile picture thumbnail. It indicates that this Vehicle has 5 pictures in its album.

Let's set the blue car as the profile picture by clicking the [Set profile picture] button underneath it.

69. You will get a prompt.

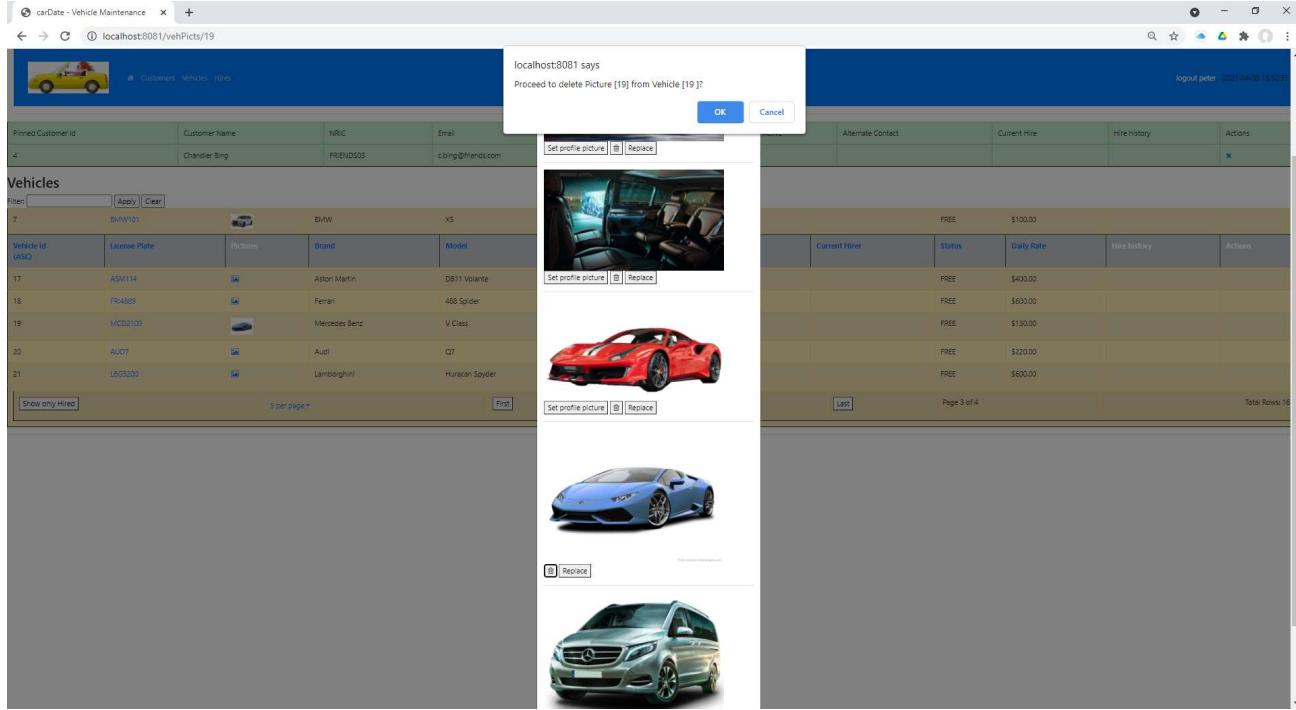

Click OK.

70. Note that the set profile picture button for the first picture appears, while it disappears for the blue car picture. The thumbnail also changes behind the Modal.

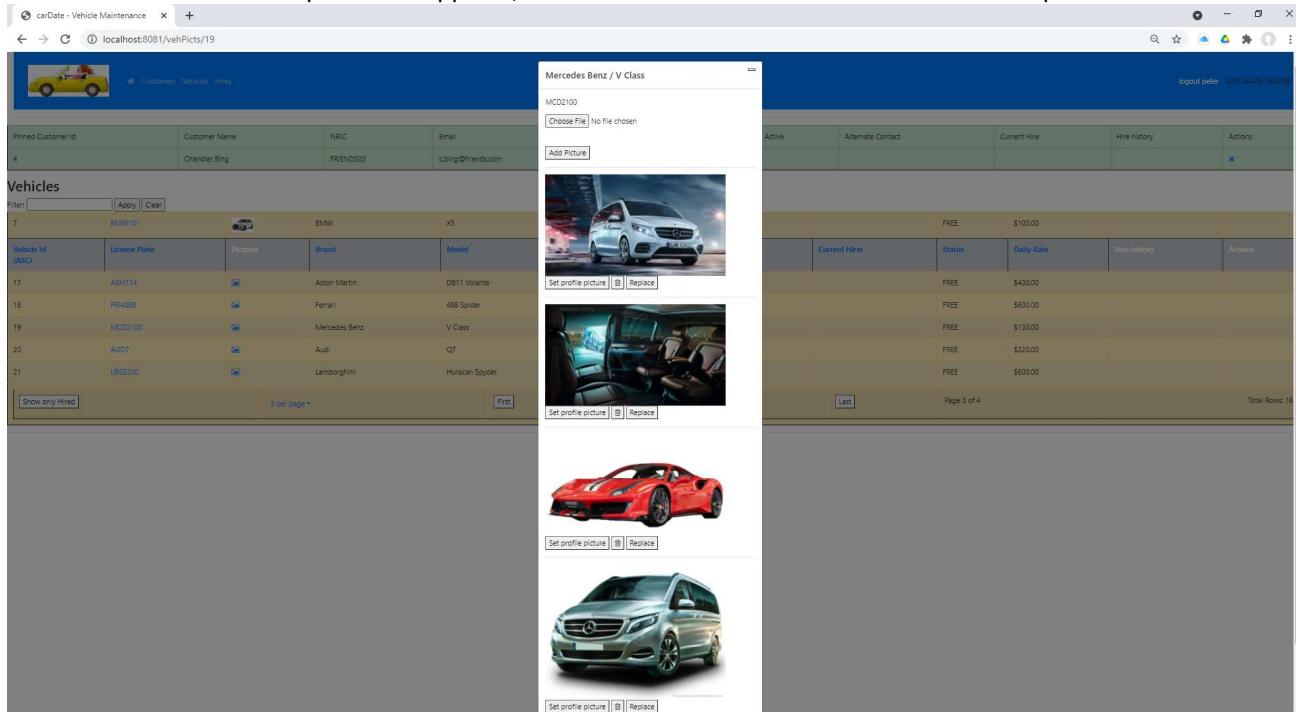

Now let's delete the blue car picture from the album by clicking its corresponding bin button.

## 71. You will get a prompt first.

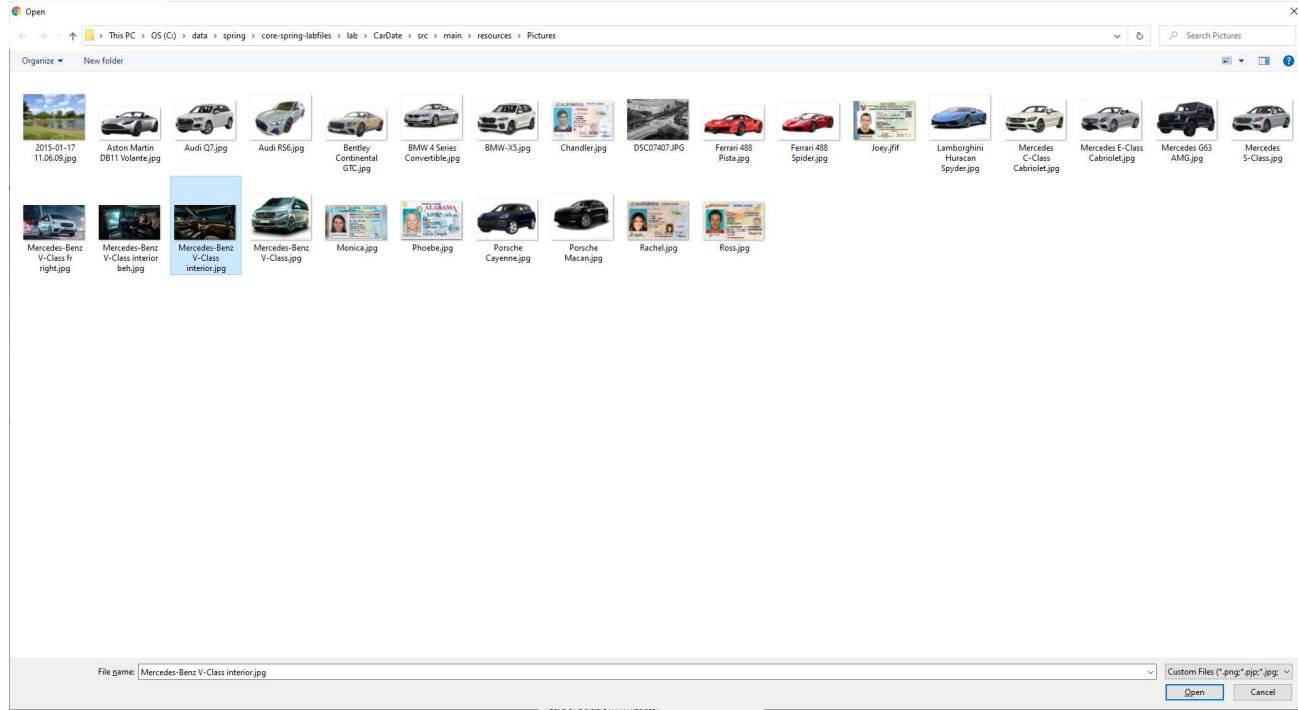

Click OK.

## 72. Note that the blue car picture disappears, and the thumbnail behind the Modal is also replaced with an icon.

Now click [Choose File].

### 73. Pick this file.

Click Open.

### 74. Picture preview is shown.

A screenshot of a web application titled 'carDate - Vehicle Maintenance'. The URL is 'localhost:8081/vehPicts/19'. The left sidebar shows 'Customers' and 'Vehicles'. The 'Vehicles' section has a table with columns: Vehicle ID (ASC), License Plate, Pictures, Brand, Model. The table lists vehicles: 17 (ASW114, Aston Martin, DB11 Volante), 18 (FR4069, Ferrari, 488 Spider), 19 (MC02100, Mercedes Benz, V Class), 20 (AUDI7, Audi, Q7), 21 (LBBGJ00, Lamborghini, Huracan Spyder). A 'Show only Hired' button is at the bottom. The main area shows a 'Mercedes Benz / V Class' modal. It has a 'Choose File' input with 'Mercedes-BE...ss interior.jpg', an 'Add Picture' button, and three preview images: a white van, a red sports car, and a silver van. Below the modal is a table with columns: Active, Alternate Contact, Current Hire, Hire history, Actions. It lists five rows with columns: FREE, \$100.00, Current Hirer, Status, Daily Rate, Hire history, Actions. The bottom right of the modal shows 'Page 3 of 4' and 'Total Rows 16'.

We want the picture to replace that picture of the red car. Click [Replace] button underneath the red car.

## 75. You will get a prompt.

The screenshot shows a web application interface for vehicle maintenance. On the left, there's a sidebar with 'Customers', 'Vehicles', and 'Hires'. The main area displays a list of vehicles. A modal dialog box is open in the center, prompting the user to replace the profile picture for Vehicle [18]. The dialog has 'OK' and 'Cancel' buttons. Below the dialog, the vehicle list shows a row for Vehicle ID 18, which is a Mercedes-Benz V-Class. To the right of the vehicle list, there's a table showing hire history with columns for 'Current Hirer', 'Status', 'Daily Rate', 'Hire history', and 'Actions'.

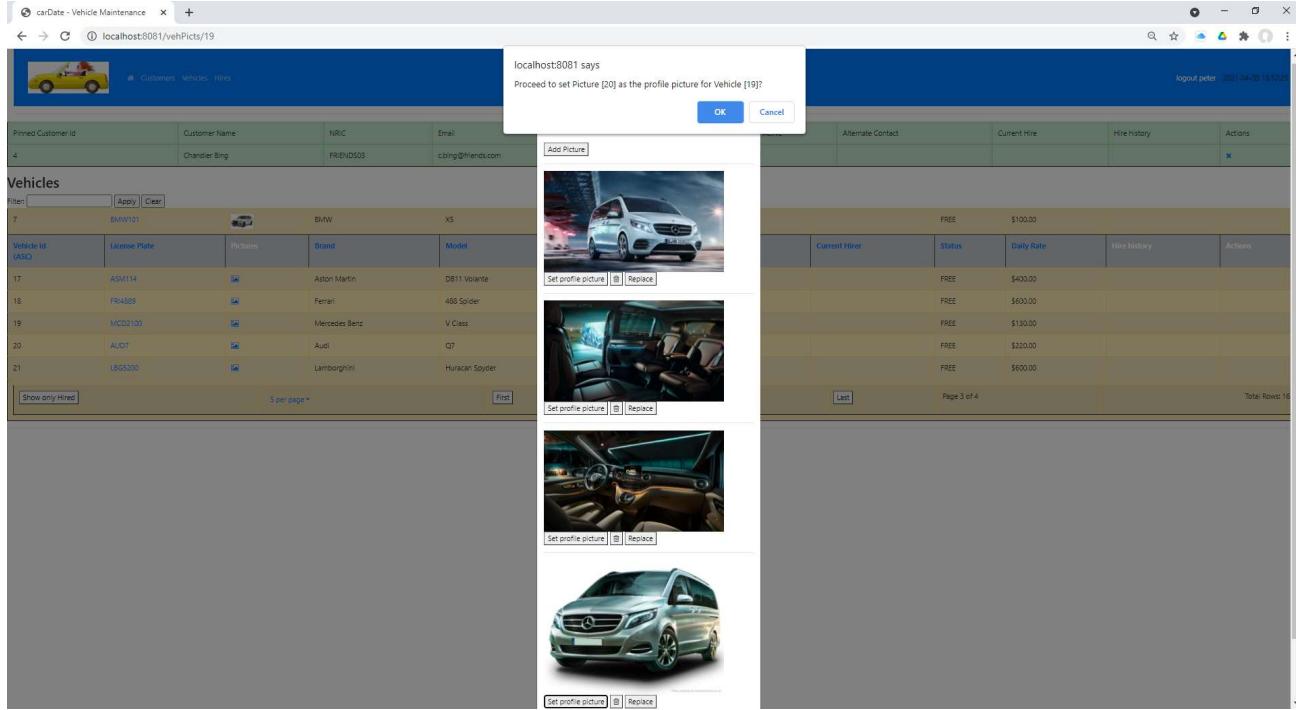

Click OK.

## 76. Note that the red car picture is replaced.

This screenshot shows the same application after the action from the previous step. The modal dialog is now closed, and the vehicle list has been updated. The vehicle row for Vehicle ID 18 (Mercedes-Benz V-Class) now displays a red sports car (Ferrari 488 Spider) as the profile picture instead of the original silver van. The rest of the interface remains the same, including the hire history table on the right.

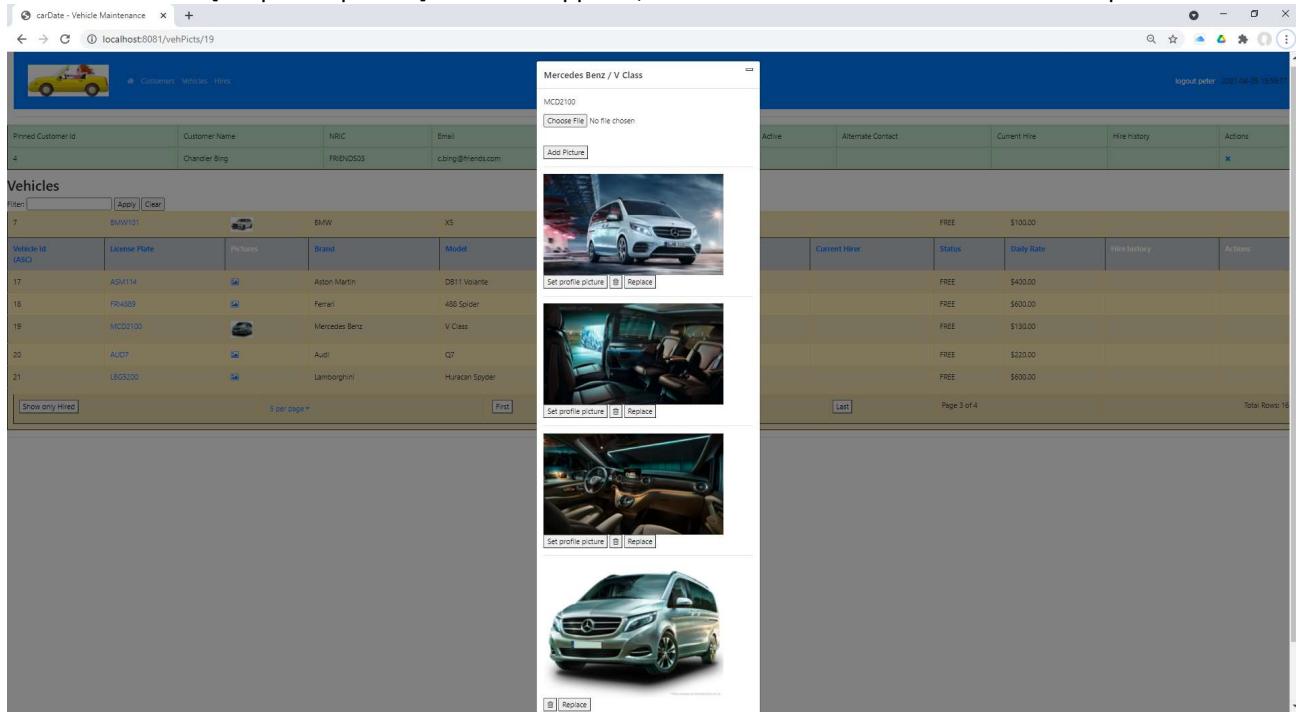

Next we will set the bottom picture as profile picture for the Vehicle. Click it's [Set profile picture] button.

## 77. You will get a prompt.

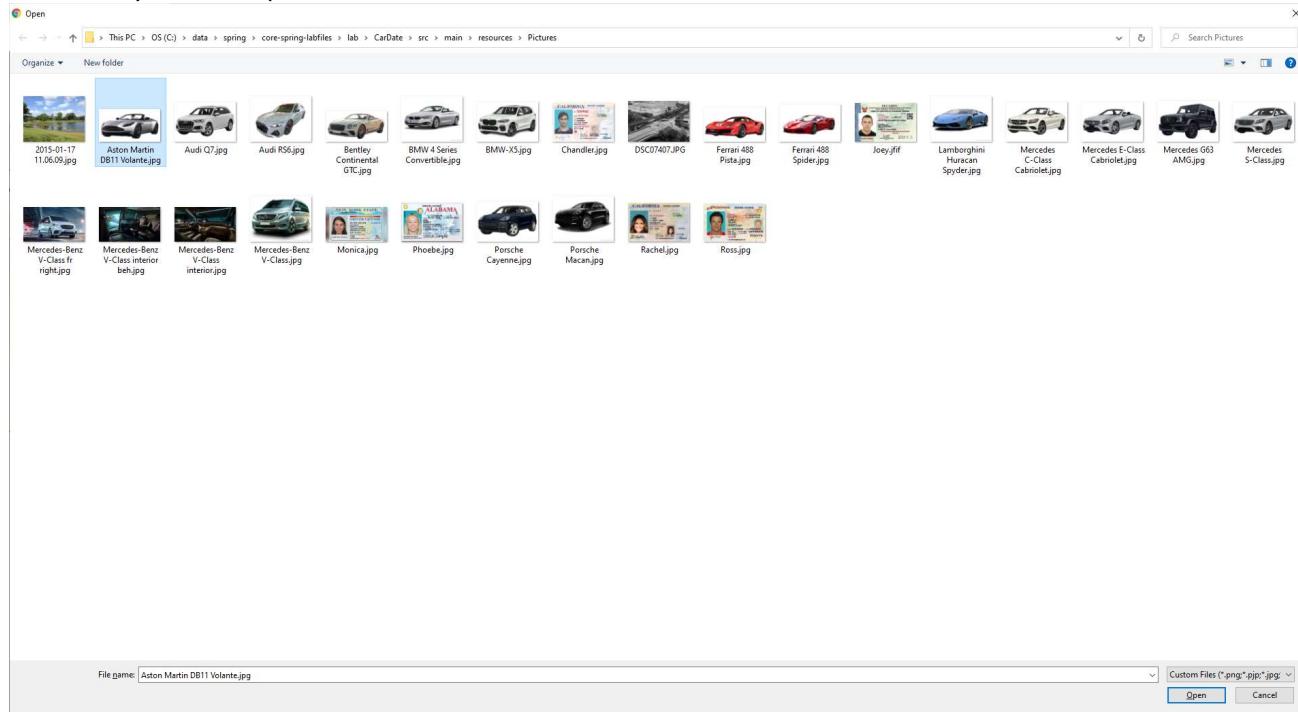

Click OK.

## 78. Note that the [Set profile picture] button disappears, and the thumbnail behind the Modal is updated.

Click [Choose File].

## 79. Pick any irrelevant picture.

And click Open.

## 80. Picture preview is shown.

Click [Replace] button under the picture which currently is the profile picture.

## 81. You will get a prompt.

The screenshot shows a web browser window titled "carData - Vehicle Maintenance". In the center, there is a modal dialog box with the title "localhost:8081 says" and the message "Proceed to replace Picture [20] with the new picture for Vehicle [19]?". Below the message are two buttons: "OK" (highlighted in blue) and "Cancel". To the left of the modal, the main application interface displays a list of vehicles. On the right, there is a table showing vehicle details like Current Hirer, Status, Daily Rate, and Hire history. The table has several rows, each with a "Replace" button next to the vehicle's thumbnail.

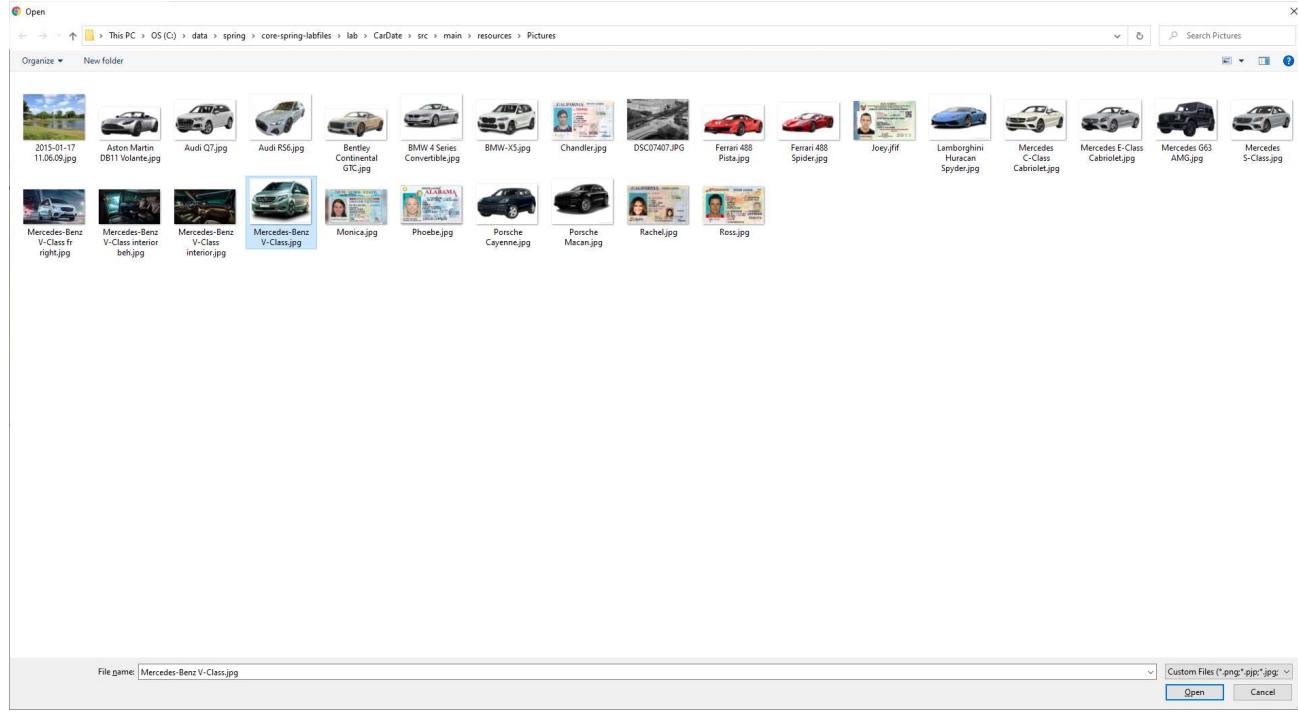

Click OK.

## 82. Note that the album as well as the thumbnail behind the Modal are updated.

This screenshot shows the same application state as the previous one, but the modal dialog has been closed by clicking "OK". The vehicle's thumbnail in the list view now displays the correct image of a white Mercedes-Benz V-Class. The modal dialog itself is no longer visible.

Now click [Choose File] to bring back the correct picture.

### 83. Pick the correct picture.

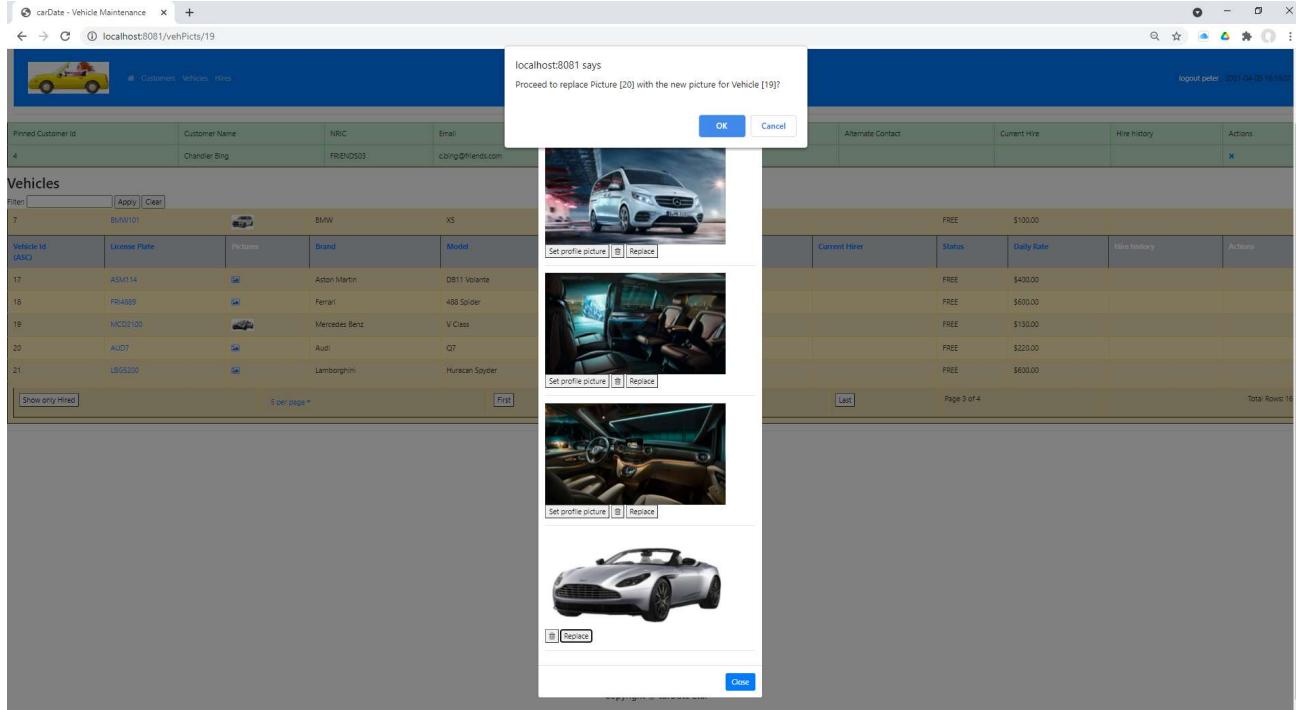

And click Open.

### 84. Preview of chosen picture is shown.

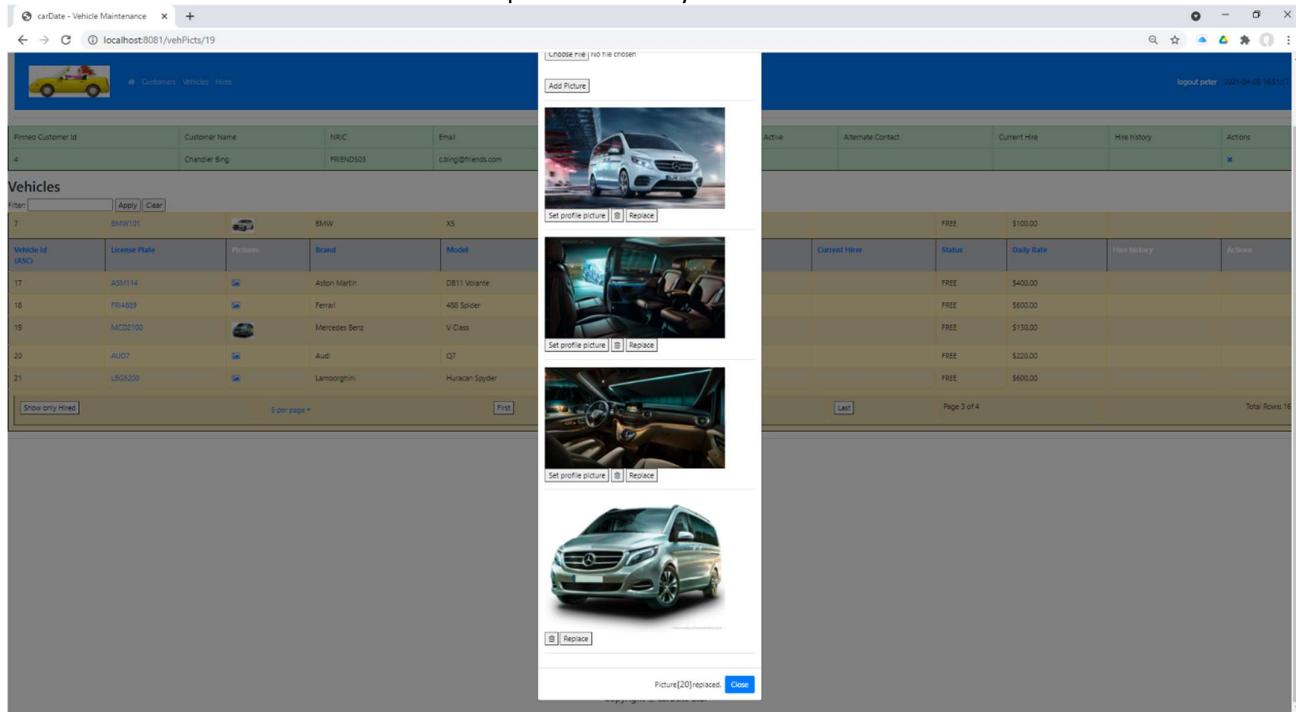

Click [Replace] button under the bottom picture.

## 85. You will get a prompt.

Click OK.

## 86. The album and the thumbnail are both updated correctly.

Click Close.

87. Proceed to upload one picture each for all the other Vehicles. Click “5 per page” drop down to switch to 20 per page.

The screenshot shows a web browser window titled "carDate - Vehicle Maintenance". At the top, there is a pinned customer entry for "Chandler Bring" with ID 4, showing details like NRIC FRIENDS03, Email cbring@friends.com, and Phone No +1553456768. Below this is a section titled "Vehicles" with a table of 22 vehicle entries. The first row of the table is highlighted in yellow, indicating it is pinned. The columns include Vehicle Id (ASC), License Plate, Pictures, Brand, Model, Engine, BHP, Top Speed, Current Hirer, Status, Daily Rate, Hire history, and Actions. The table shows various makes and models such as BMW X5, Bentley Continental GT, Mercedes C-Class Cabriolet, etc. At the bottom of the page, there are buttons for "Show only Hired", "20 per page", "Page 1 of 1", and "Total Rows: 16".

Note that the pinned Customer continues to appear even on a Vehicles page. Click the cross under the Actions column to dismiss it.

88. You can also dismiss the pinned Vehicle by clicking on the License plate at the pinned Vehicle row:

This screenshot shows the same "carDate - Vehicle Maintenance" page after the pinned vehicle has been removed. The table now contains only 21 rows of vehicle data. The pinned vehicle, which had license plate "BMW101", is no longer present in the list. The rest of the interface remains the same, with the pinned customer entry still visible at the top.

Do it.

## 89. The pinned Vehicle is dismissed.

The screenshot shows a list of vehicles in a table. The vehicle with license plate BEN610 is highlighted with a yellow background, indicating it is pinned. The table includes columns for Vehicle Id (ASC), License Plate, Pictures, Brand, Model, Engine, BHP, Top Speed, Current Hirer, Status, Daily Rate, Hire history, and Actions. A filter bar at the top allows for searching by vehicle ID, license plate, brand, model, engine, BHP, top speed, current hirer, status, daily rate, and hire history. Buttons for 'Apply' and 'Clear' filters are also present. At the bottom, there are buttons for 'Show only Hired', '20 per page', 'Page 1 of 1', and 'Total Rows: 16'.

Vehicle Id (ASC)	License Plate	Pictures	Brand	Model	Engine	BHP	Top Speed	Current Hirer	Status	Daily Rate	Hire history	Actions
7	BMW101		BMW	X5	4800	350	241		FREE	\$100.00		
8	BEN610		Bentley	Continental GTC	6000	552	314		FREE	\$150.00

You should notice that “peter” not granted ROLE\_MANAGER is unable to edit Vehicles besides maintaining the album. Logout, and login in as “sikon”.

## 90. Actions icons are now found against each Vehicle.

The screenshot shows a list of vehicles in a table. The vehicle with license plate BEN610 is highlighted with a yellow background, indicating it is pinned. The table includes columns for Vehicle Id (ASC), License Plate, Pictures, Brand, Model, Engine, BHP, Top Speed, Current Hirer, Status, Daily Rate, Hire history, and Actions. A filter bar at the top allows for searching by vehicle ID, license plate, brand, model, engine, BHP, top speed, current hirer, status, daily rate, and hire history. Buttons for 'Apply' and 'Clear' filters are also present. At the bottom, there are buttons for 'Show only Hired', '5 per page', 'First', 'Prev', 'Next', 'Last', 'Page 1 of 4', and 'Total Rows: 16'. There are also buttons for creating new vehicles (New, Create, Save, Cancel) and a 'Reset' button.

Vehicle Id (ASC)	License Plate	Pictures	Brand	Model	Engine	BHP	Top Speed	Current Hirer	Status	Daily Rate	Hire history	Actions
8	BEN610		Bentley	Continental GTC	6000	552	314		FREE	\$150.00		
7	BMW101		BMW	X5	4800	350	241		FREE	\$100.00		
8	BEN610		Bentley	Continental GTC	6000	552	314		FREE	\$150.00		
9	MCD2000		Mercedes	C Class Cabriolet	2000	390	248		FREE	\$120.00		
10	MCS2000		Mercedes	S Class	2000	254	249		FREE	\$120.00		
11	AUD6		Audi	RS6	4000	591	250		FREE	\$240.00		

There are three icons under Actions column against each Vehicle, even the pinned Vehicle. There is also the bottom editing area to create new Vehicles.  
Click the edit icon against Vehicle MCD2000.

91. The Vehicle record is brought down to the editing area.

The screenshot shows a web-based application titled "carDate - Vehicle Maintenance". The main page displays a list of vehicles. A specific vehicle entry for "BEN610" is highlighted, indicating it has been selected for editing. The vehicle details shown are: Brand: Bentley, Model: Continental GTC, Engine: 6000, BHP: 552, Top Speed: 314, Status: FREE, Daily Rate: \$150.00. The interface includes a toolbar at the top with icons for Customers, Vehicles, Hires, Employees, and Configurations, and a status bar at the bottom right showing "logout sikan 2021-04-28 17:16:41".

Try change the License Plate number to MCD6300, which duplicates with another Vehicle. Click save button.

92. The application detects and rejects this change.

This screenshot shows the same application after attempting to change the license plate of the selected vehicle. The license plate field now contains "MCD6300". A red error message at the top of the page states: "There is another Vehicle with the same license plate, or other problems, please correct the data and retry." The rest of the vehicle details remain the same as in the previous screenshot. The status bar at the bottom right still shows "logout sikan 2021-04-28 17:20:00".

Click edit button of the Vehicle again to bring down a fresh copy:

93. Let's change the daily Rate to \$150, and status to SUSPENDED. This status is used when you need to put an otherwise FREE Vehicle off service, may be because it has been sent for repair.

Vehicle Id (ASC)	License Plate	Pictures	Brand	Model	Engine	BHP	Top Speed	Current Hirer	Status	Daily Rate	Hire history	Actions
7	BMW101		BMW	X5	4800	350	241		FREE	\$100.00		
8	BEN610		Bentley	Continental GTC	6000	552	314		FREE	\$150.00		
9	MCD2000		Mercedes	C Class Cabriolet	2000	390	248		FREE	\$120.00		
10	MCS2000		Mercedes	S Class	2000	254	249		FREE	\$120.00

When the Vehicle has been repaired and is ready to put back to service, you can repeat this process to change its status back to FREE.

95. Filter can be used. Try "de" by typing into the text box and click Apply.

The screenshot shows a web-based vehicle management system. At the top, there's a navigation bar with links for Customers, Vehicles, Hires, Employees, and Configurations. On the right, there's a user icon and a timestamp: 'Logout ikon 2021-04-08 17:26:02'. Below the navigation is a search bar with the placeholder 'Filter: de' and buttons for 'Apply' and 'Clear'. The main area is titled 'Vehicles' and contains a table with the following columns: Vehicle Id (ASC), License Plate, Pictures, Brand, Model, Engine, BHP, Top Speed, Current Hirer, Status, Daily Rate, Hire history, and Actions. A row for vehicle ID 8 (BEN510) is highlighted in yellow. The table includes a header row with numerical values (6000, 552, 314) and a status row (FREE, \$150.00). At the bottom of the table are buttons for 'Show only Hired', '5 per page', 'First', 'Prev', 'Next', 'Last', and a dropdown for 'Page 1 of 2'. There are also buttons for 'Total Rows: 7', 'Reset', and a search dropdown set to 'Aston Martin'.

96. Sort field and sort order can be changed too.

This screenshot shows the same vehicle management system after changing the sort order. The table now has a different row order. The first visible row is for vehicle ID 19 (MCD2100), which is sorted by 'Top Speed (ASC)'. The table structure remains the same with columns for Vehicle Id (ASC), License Plate, Pictures, Brand, Model, Engine, BHP, Top Speed, Current Hirer, Status, Daily Rate, Hire history, and Actions. The status row (FREE, \$150.00) is still present. The bottom of the table includes the same navigation and search controls as the previous screenshot.

### 3. Vehicle Hiring

This section shows how Vehicles can be hired. It also starts to show the use of Business Configurations to manipulate date time during an application testing exercise.

- Before we start demonstrating hiring, we look at the Business Configurations. Click Configurations on the Navigation bar. This is only available to Employees with ROLE\_ADMIN or ROLE\_MANAGER.

Copyright © carDate Ltd.

Note the days offset. It has value -30. Notice that the date time on the top right corner is 04-05 (April 5<sup>th</sup>). This application date time is taken from the server clock which is May 5<sup>th</sup>, and have 30 days deducted to obtain Apr 5<sup>th</sup>. The purpose of this will become apparent later.

- Log out, and then login as ROLE\_USER. On the Customers page, pin Rachel. Imagine that Customer Rachel has come to the service counter, and you found her record, and pin it.

Copyright © carDate Ltd.

3. Go on to Vehicles page, pin BEN610. You can image you did some searching and sorting and pictures showing, and after some considerations, Rachel decides to hire the Vehicle BEN610.

Pinned Customer Id	Customer Name	NRIC	Email	Phone No	Is Active	Alternate Contact	Current Hire	Hire history	Actions
2	Rachel Green	FR/END502	r.green@friends.com	+155534568766		Ross Geller			

**Vehicles**

Vehicle Id (ASC)	License Plate	Pictures	Brand	Model	Engine	BHP	Top Speed	Current Hire	Status	Daily Rate	Hire history	Actions

0	Rachel Green	BEN610	\$150.00	peter		04/05/2021 17:56	04/06/2021 12:00	\$0.00	\$0.00		\$0.00	

Show all Hires | 5 per page \* | Page 1 of 0 | Total Rows: 0

Copyright © carDate Ltd.

- Hired by is “Rachel Green” the pinned Customer.
- Vehicle is “BEN610” the pinned Vehicle.
- Daily rate of \$150 is brought down from the pinned Vehicle.
- Fulfill by staff “peter” is auto-filled in as login Employee of current session is “peter”.
- Hire starts has been populated with the current date time. This current date time is obtained from the server clock and then with the days offset as in the business configurations applied.
- Planned Hire End is 12:00 the next day. Default hiring period is one day. Default return time is as set-up in Business Configuration.

## 5. Try to change Hire start to 19:00 and click Save.

Hire start time must be within the next 30 minutes.

Hire Id (ASC)	Hired by	Vehicle	Daily Rate	Faultify by	Returned to	Hire starts	Planned hire end	Hire deposit	Planned fee	Actual hire end	Actual fee	Actions
0	Rachel Green	BEN610	\$150.00	peter		04/05/2021 19:00	04/06/2021 12:00	0.0	\$0.00		\$0.00	<button>Trial</button> <button>Save</button> <button>Reset</button>

Copyright © carDate Ltd.

It will be rejected as the maximum discrepancy allowed is 30 minutes from current date time as shown on top right. 30 is the Grace period set up in Business Configuration. This is to help prevent data input mistakes as well as fraud.

Click Reset so the application re-assign start time, set the Planned hire end to April 13 at 16:00. Click Save.

## 6. The hire fee is computed. But we require the Customer to place a deposit.

Deposit is higher than Daily rate or 50% of Rental.

Hire Id (ASC)	Hired by	Vehicle	Daily Rate	Faultify by	Returned to	Hire starts	Planned hire end	Hire deposit	Planned fee	Actual hire end	Actual fee	Actions
0	Rachel Green	BEN610	\$150.00	peter		04/05/2021 18:05	04/13/2021 16:00	700.00	\$1,230.00		\$0.00	<button>Trial</button> <button>Save</button> <button>Reset</button>

Copyright © carDate Ltd.

Enter deposit amount of \$700 and click Trial.

7. Trail button is the same as Save button. The input will goes through the same validations and any error detected flagged back. The only difference is that, if there is no error, Save button will proceed to save the record, but Trial button will stop before that, and prompt you to click the Save to commit the Hire.

Note that on the pinned Customer row, Current Hire has been populated with the Vehicle hired. Likewise on the pinned Vehicle row, Hirer Rachel Green is populated. Both also have Hire history count of 1. The status of the pinned Vehicle has also been updated to HIRED.

You should also notice that despite having pinned Customer and pinned Vehicle, they no longer appear in the Hire input area. This is because the pinned Customer has a current Hire and is no longer entitled for a new Hire. Likewise is the pinned Vehicle which is already Hired.

9. Click on the Invoice button against the Hire, and a PDF invoice of the Hire is created and opened in Acrobat reader.

You can see the rental fare breakdown.

10. Now go to Customers page and pin Chandler. Go to Vehicles page and pin AUD6. Then go to Hires page.

Pinned Customer Id	Customer Name	NRIC	Email	Phone No	Is Active	Alternate Contact	Current Hire	Hire history	Actions

#### Current Hires

The pinned customer [Chandler Bing] is not eligible for hiring.

Hire Id (ASC)	Hired by	Vehicle	Daily Rate	Fulfill by	Returned to	Hire starts	Planned hire end	Hire deposit	Planned fee	Actual hire end	Actual fee	Actions
1	Rachel Green	BEN610	\$150.00	peter		2021-Apr-05 18:05	2021-Apr-13 16:00	\$700.00	\$1,230.00		\$0.00	<a href="#">Return</a> <a href="#">Invoice</a>

Show all Hires [5 per page ▾](#) Page 1 of 1 Total Rows: 1

[Trial](#) [Save](#) [Reset](#)

Copyright © carDate Ltd.

For a Customer to be eligible for hiring, he must be Active, has nominated an Alternate contact, and is not currently hiring a Vehicle. For Chandler, he has no Alternate contact.

For Vehicle, it must be of status FREE to be hired.

12. Go to Customer page and nominate Rachel as Alternate contact for Chandler. Back to Hires page. Set the return date to Apr 8, set deposit of \$400, and click Save button.

The screenshot shows the carDate Hires Maintenance page after updating the alternate contact for Chandler Bing. The alternate contact is now listed as Rachel Green.

Pinned Customer Id	Customer Name	NRIC	Email	Phone No	Is Active	Alternate Contact	Current Hire	Hire history	Actions

Pinned Vehicle Id	License Plate	Model	Brand	Veh Status	Daily Rate	Current Hire	Hire History	Actions
11	R56	Audi	AUD6	FREE	\$240.0			<a href="#">x</a>

#### Current Hires

You've made changes. Please click <Save> to confirm hire.

Hire Id (ASC)	Hired by	Vehicle	Daily Rate	Fulfill by	Returned to	Hire starts	Planned hire end	Hire deposit	Planned fee	Actual hire end	Actual fee	Actions
1	Rachel Green	BEN610	\$150.00	peter		2021-Apr-05 18:05	2021-Apr-13 16:00	\$700.00	\$1,230.00		\$0.00	<a href="#">Return</a> <a href="#">Invoice</a>

Show all Hires [5 per page ▾](#) Page 1 of 1 Total Rows: 1

[Trial](#) [Save](#) [Reset](#)

Copyright © carDate Ltd.

It was noted that despite having no errors, and clicking Save button, the Hire was not saved. That is because Save button will not trigger a save to database if the Planned fee has changed. Before Save was clicked for the first time, the Planned fee was 0. After clicking, the fee is \$720. The application wants the user to see this and confirm before saving.

Now click Save again.

### 13. The Hire is created and saved.

The screenshot shows the 'carDate - Hires Maintenance' page. A new hire entry is being created:

Pinned Customer Id	Customer Name	NRIC	Email	Phone No	Is Active	Alternate Contact	Current Hire	Hire history	Actions
4	Chandler Bing	FRIENDS03	cbing@friends.com	+15533456768	<input checked="" type="checkbox"/>	Rachel Green	AUD6	1	<input type="button" value="x"/>

Vehicle details:

Hired Vehicle Id	License Plate	Model	Brand	Veh status	Daily Rate	Current Hire	Hire History	Actions
11	R56	Audi	AUD6	HIRED	240.0	Chandler Bing	1	<input type="button" value="x"/>

Current Hires table:

Hire Id (ASC)	Hired by	Vehicle	Daily Rate	Fulfilled by	Returned to	Hire starts	Planned hire end	Hire deposit	Planned fee	Actual hire end	Actual fee	Actions
1	Rachel Green	BEN610	\$150.00	peter		2021-Apr-05 18:05	2021-Apr-13 16:00	\$700.00	\$1,200.00		\$0.00	<input type="button" value="Return"/> <input type="button" value="Invoice"/>

17. Take a look at the invoice of Phoebe's Hire for the fare breakdown:

Customer ID	5	Name	Phoebe Buffay		
Alternate contact	4	Name	Chandler Bing		
Vehicle Id	10	Daily rate	\$120.00		
Brand	Mercedes	License	MCS2000		
Model	S Class				
Hiring Starts	2021-04-06 09:00	Hiring Id	3		
Agreed Return	2021-04-09 17:00				
<b>Hire type</b>	<b>Start</b>	<b>End</b>	<b>Quantity</b>	<b>Rate</b>	<b>Amount</b>
Early collection fee	2021-04-06 09:00	2021-04-06 14:00	5 hrs	\$6.00	\$30.00
Daily rental	2021-04-06	2021-04-09	3 days	\$120.00	\$360.00
Late return	2021-04-09 12:00	2021-04-09 17:00	5 hrs	\$6.00	\$30.00
				Total	\$420.00
Deposit received	2021-04-06				\$250.00
				Balance	\$170.00

I acknowledge that the said Vehicle is received in satisfactory condition:

Standard collection time is 14:00, just like the standard check-in time for hotel room. As Phoebe collects the Vehicle at 9:00, the 5 hour period from 09:00 to 14:00 is considered early collection, and is charged \$6.00 hourly. This hourly rate of \$6.00 is 5% of Daily rate of \$120.00. 5% is a Business Configuration and can be changed. When a Hire is created, the 5% setting is saved with the Hire and will not be affected by subsequent changes to the Business Configuration. Any change to Business Configuration will not affect Hires created after it.

18. Now move to Customers page.

Hired Vehicle Id	License Plate	Model	Brand	Daily Rate	Status	Hired to	Hire history	Actions

Note under Current Hire column, you can see the Vehicle hired by each Customer, and clicking on any of them will pin that Vehicle to conveniently display the basic Vehicle details. For example, Vehicle BMW101 can be easily pinned by clicking its license plate number under Current Hire column of Customer Ross.

## 19. Likewise on the Vehicles page.

The screenshot shows the Vehicles page of the carData application. A customer row for Ross Geller (BMW101) is pinned, indicated by a yellow background. The alternate contact for Ross Geller is listed as Rachel Green. The page includes a search bar, filter options, and a table with columns for Vehicle ID, License Plate, Pictures, Brand, Model, Engine, BHP, Top Speed, Current Hirer, Status, Daily Rate, Hire history, and Actions. The bottom of the page shows pagination controls and a total row count of 16.

You can click on the Customer under the Current Hirer column to pin the Customer and thus display it on the screen. On the above screen, the Hirer of BMW101, Ross, is pinned and details shown.

## 20. To view the Alternate contact, just click on the Alternate Contact on the pinned Customer row. In this case, click Rachel under Alternate contact for pinned Customer Ross, and Rachel becomes the pinned Customer and details displayed as below.

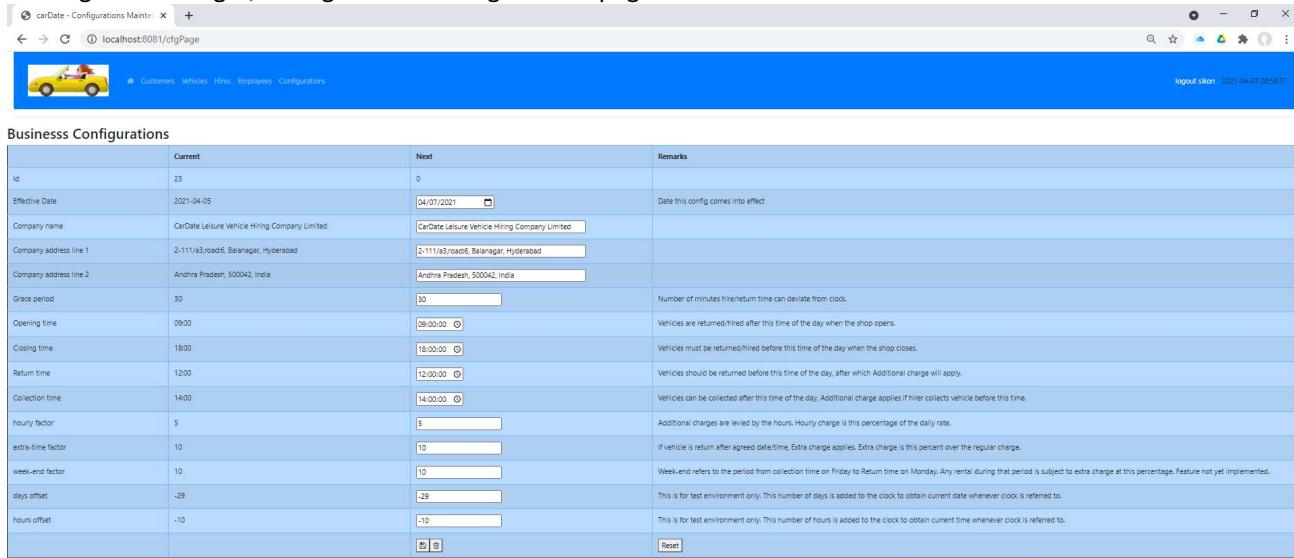

The screenshot shows the Vehicles page of the carData application after pinning Rachel Green. Rachel Green is now the pinned customer, indicated by a yellow background. The alternate contact for Ross Geller is now listed as Ross Geller. The rest of the page structure is identical to the previous screenshot, including the search bar, filter options, and the table with its various columns and pagination.

Imagine this scenario, you are at Vehicles page. The prior Hirer for BMW101 has left some personal items in the Vehicle. You need to contact the current Hirer who is Ross. You click on Ross under the Current Hirer column to have him displayed on top as pinned Customer. You tried to contact Ross by calling but could not get a response. So you click on Alternate Contact for Ross and get Rachel as pinned Customer instead. Now you can contact Rachel. You may go on to look for alternate contact of Rachel too if available.

## 4. Vehicle Return

This section shows how Hired Vehicles are returned.

### 1. Login as Manager, then go to the Configurations page.

### 3. Go to Hires page:

The screenshot shows a web browser window titled "carDate - Hires Maintenance" with the URL "localhost:8081/hirePage/0". The page header includes a yellow car icon, navigation links for Customers, Vehicles, Hires, Employees, and Configurations, and a logout link. The main content area is titled "Current Hires" and displays a table of four hire records. The columns include: Hire Id (ASC), Hired by, Vehicle, Daily Rate, Fulfill by, Returned to, Hire starts, Planned hire end, Hire deposit, Planned fee, Actual hire end, Actual fee, and Actions. The hires are as follows:

Hire Id (ASC)	Hired by	Vehicle	Daily Rate	Fulfill by	Returned to	Hire starts	Planned hire end	Hire deposit	Planned fee	Actual hire end	Actual fee	Actions
1	Rachel Green	BEN810	\$150.00	peter		2021-Apr-05 18:05	2021-Apr-13 16:00	\$700.00	\$1,230.00		\$0.00	<button>Return</button> <button>Invoice</button>
2	Chandler Bing	AUD6	\$240.00	peter		2021-Apr-05 18:34	2021-Apr-08 12:00	\$400.00	\$720.00		\$0.00	<button>Return</button> <button>Invoice</button>
3	Phoebe Buffay	MCS2000	\$120.00		sikon	2021-Apr-06 09:00	2021-Apr-09 17:00	\$250.00	\$420.00		\$0.00	<button>Return</button> <button>Invoice</button>
4	Ross Geller	BMW101	\$100.00		sikon	2021-Apr-06 09:01	2021-Apr-10 12:00	\$300.00	\$425.00		\$0.00	<button>Return</button> <button>Invoice</button>

Below the table are buttons for "Show all Hires", "5 per page", "Page 1 of 1", and "Total Rows: 4". At the bottom are buttons for "Trial", "Save", and "Reset".

Copyright © carDate Ltd.

Click on the Return button next to Phoebe's Hire.

4. Phoebe's Hire is brought down. The actual fee is computed. Although Phoebe is returning the Vehicle ahead of planned date time. The company does not refund for such cases, and will charge according to original plan. The officer should collect the fee (\$420) less the deposit (\$250) from the Customer now.

The screenshot shows a web browser window titled "carDate - Hires Maintenance" with the URL "localhost:8081/hireRetuOts/3". The page header includes a yellow car icon, navigation links for Customers, Vehicles, Hires, Employees, and Configurations, and a logout link. The main content area is titled "Current Hires" and displays a table of four hire records. The hires are the same as in the previous screenshot. The third row (Phoebe Buffay) has a highlighted background. The "Actions" column for this row contains a "Return" button and an "Invoice" button. The bottom of the table shows the total rows as 4.

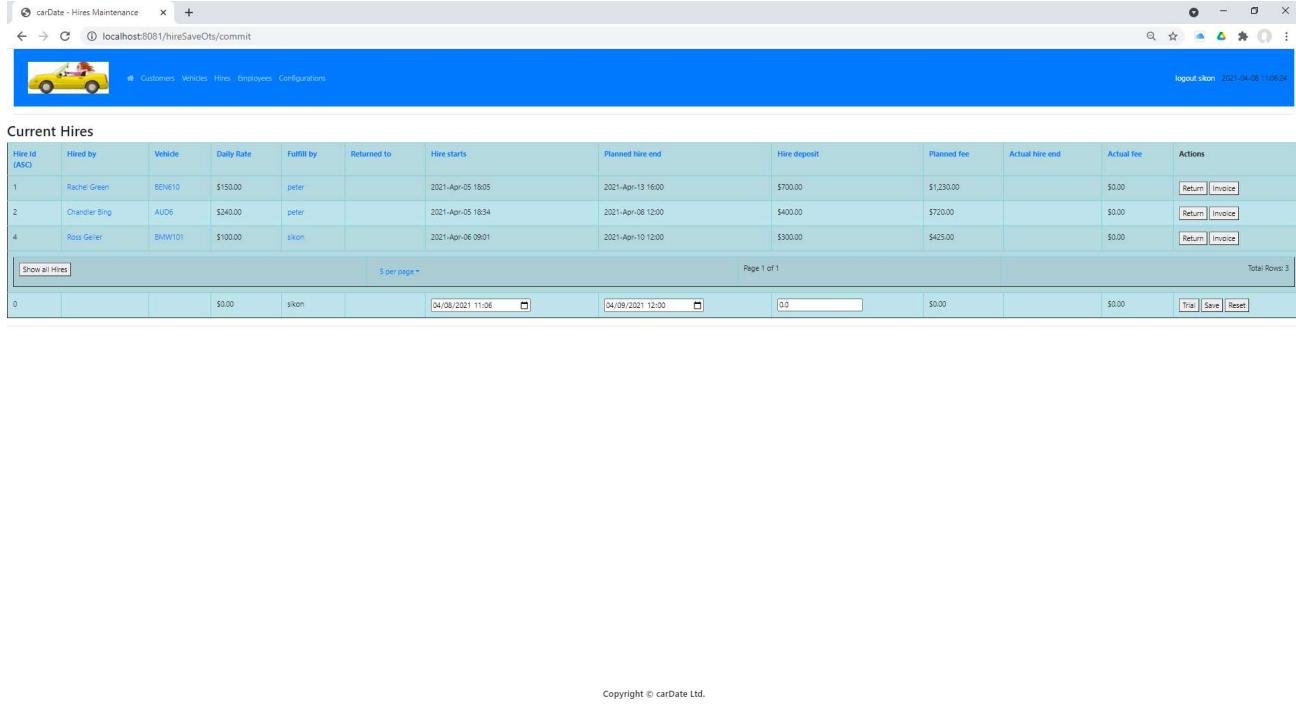

Hire Id (ASC)	Hired by	Vehicle	Daily Rate	Fulfill by	Returned to	Hire starts	Planned hire end	Hire deposit	Planned fee	Actual hire end	Actual fee	Actions
1	Rachel Green	BEN810	\$150.00	peter		2021-Apr-05 18:05	2021-Apr-13 16:00	\$700.00	\$1,230.00		\$0.00	<button>Return</button> <button>Invoice</button>
2	Chandler Bing	AUD6	\$240.00	peter		2021-Apr-05 18:34	2021-Apr-08 12:00	\$400.00	\$720.00		\$0.00	<button>Return</button> <button>Invoice</button>
3	Phoebe Buffay	MCS2000	\$120.00		sikon	2021-Apr-06 09:00	2021-Apr-09 17:00	\$250.00	\$420.00		\$0.00	<button>Return</button> <button>Invoice</button>
4	Ross Geller	BMW101	\$100.00		sikon	2021-Apr-06 09:01	2021-Apr-10 12:00	\$300.00	\$425.00		\$0.00	<button>Return</button> <button>Invoice</button>

Below the table are buttons for "Show all Hires", "5 per page", "Page 1 of 1", and "Total Rows: 4". At the bottom are buttons for "Trial", "Save", and "Reset".

Copyright © carDate Ltd.

We will go and change the return time to 11:00, and Save.

## 5. The Hire record disappears from the page.

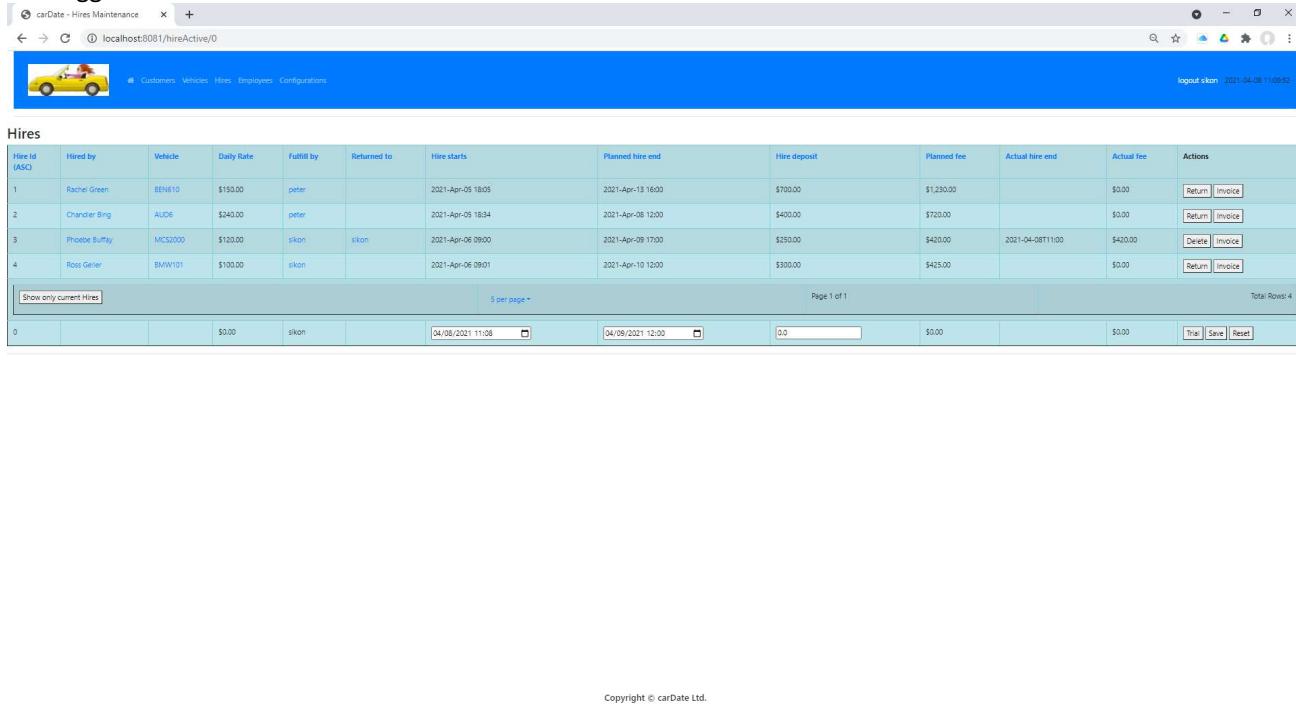

The screenshot shows a web browser window titled "carDate - Hires Maintenance". The URL is "localhost:8081/hireSaveOts/commit". The page has a blue header bar with a yellow car icon and navigation links: Customers, Vehicles, Hires, Employees, Configurations. On the right, there is a "logout sikon" link and a timestamp "2021-04-08 11:09:02". Below the header is a section titled "Current Hires" containing a table with three rows of hire data. At the bottom of the table is a "Show all Hires" button, a "3 per page" dropdown, a "Page 1 of 1" indicator, and a "Total Rows: 3" message. Below the table are several input fields and buttons: "0", "\$0.00", "sikon", date pickers for "04/08/2021 11:06" and "04/09/2021 12:00", a "0.0" input field, and buttons for "0.00", "0.00", "Trial", "Save", and "Reset".

Copyright © carDate Ltd.

This is because the page is set up to show only current Hires. Click on the Show all Hires button on the Navigation row. \*\* This is not a very smooth workflow. Will need some enhancement later on. One idea is that Hires returned today are still considered Current and should not be hidden. \*\*

## 6. Phoebe's Hire is shown. You can click the button (which has label changed to "Show only current Hires") to toggle between hide and show returned Hires.

The screenshot shows a web browser window titled "carDate - Hires Maintenance". The URL is "localhost:8081/hireActive/0". The page has a blue header bar with a yellow car icon and navigation links: Customers, Vehicles, Hires, Employees, Configurations. On the right, there is a "logout sikon" link and a timestamp "2021-04-08 11:09:02". Below the header is a section titled "Hires" containing a table with four rows of hire data. At the bottom of the table is a "Show only current Hires" button, a "3 per page" dropdown, a "Page 1 of 1" indicator, and a "Total Rows: 4" message. Below the table are several input fields and buttons: "0", "\$0.00", "sikon", date pickers for "04/08/2021 11:08" and "04/09/2021 12:00", a "0.0" input field, and buttons for "0.00", "0.00", "Trial", "Save", and "Reset".

Copyright © carDate Ltd.

You should note that "sikon" who is the staff attending to the Vehicle return, has the login name denoted here under the Returned to column against the returned Hire.

Click the Invoice button next to Phoebe's Hire.

7. The invoice is generated and shown:

Customer ID	5	Name	Phoebe Buffay		
Alternate contact	4	Name	Chandler Bing		
Vehicle Id	10	Daily rate	\$120.00		
Brand	Mercedes	License	MCS2000		
Model	S Class				
Hiring Starts	2021-04-06 09:00	Hiring Id	3		
Agreed Return	2021-04-09 17:00	Actual Return	2021-04-08 11:00		
Hire type	Start	End	Quantity	Rate	Amount
Early collection fee	2021-04-06 09:00	2021-04-06 14:00	5 hrs	\$6.00	\$30.00
Daily rental	2021-04-06	2021-04-09	3 days	\$120.00	\$360.00
Late return	2021-04-09 12:00	2021-04-09 17:00	5 hrs	\$6.00	\$30.00
			Total		\$420.00
Deposit received	2021-04-06				\$250.00
			Balance		\$170.00

Agreed Return and Actual Return date time are shown. The fare is computed based on Agreed Return. The balance of \$170 which has to be paid is also shown on the invoice.

8. Next, Chandler returns the Vehicle. By the time we are done with the formalities, he reaches the service counter at 12:07, which is after the due time of 12:00. So when you click Return, it will show you that the Actual fee is \$13.20 more than the Planned fee because of the overdue.

Hired Vehicle Id	License Plate	Model	Brand	Ven Status	Daily Rate	Current Hire	Hire History	Actions

This is an overdue. We will again give the customer some benefit by overriding the actual return time to 13:00. Do that and click Save.

15. The fee is different, so you get to visual it one more time before committing.

A screenshot of a web browser displaying the carDate - Hires Maintenance application. The URL is localhost:8081/hireSaveOts/commit. The page shows a table of hired vehicles. One row is selected for vehicle R56, which is an Audi with a daily rate of \$240.0. A note at the top of the table says "Actual fee computed, please click <Save> to confirm Return of Hire". Below the table is a detailed list of hire records for four different vehicles, each with columns for hire ID, hired by, vehicle, daily rate, fulfill by, returned to, hire start, planned hire end, hire deposit, planned fee, actual hire end, and actions (Return, Invoice, Delete). The bottom right corner of the table area shows "Total Rows: 4".

Copyright © carDate Ltd.

Click Save.

16. Hire is returned.

A screenshot of the same web application after saving the changes. The vehicle R56 entry in the main table now has a daily rate of \$100.0. The detailed hire record table below also shows the updated daily rate of \$100.0 for the first entry. The bottom right corner of the table area shows "Total Rows: 4".

Copyright © carDate Ltd.

Click Invoice button.

17. The invoice showed that the Actual Return is after the Agreed Return. Extra time charge applies.

Customer ID	6	Name	Ross Geller
Alternate contact	2	Name	Rachel Green
Vehicle Id	7	Daily rate	\$100.00
Brand	BMW	License	BMW101
Model	X5		

Hiring Starts	2021-04-06 09:01	Hiring Id	4
Agreed Return	2021-04-10 12:00	Actual Return	2021-04-10 13:00

Hire type	Start	End	Quantity	Rate	Amount
Early collection fee	2021-04-06 09:01	2021-04-06 14:00	5 hrs	\$5.00	\$25.00
Daily rental	2021-04-06	2021-04-10	4 days	\$100.00	\$400.00
Early collection fee (extra time)	2021-04-10 12:00	2021-04-10 13:00	1 hrs	\$5.50	\$5.50
				Total	\$430.50
Deposit received	2021-04-06				\$300.00
				Balance	\$130.50

When computing charges for extra time, the period of extra time is seen as another Hire. So we are computing for a Hire from Apr 10 12:00 to 13:00. As the standard collection time is 14:00, collection before that is considered early collection, and is charged hourly at 5% of the Daily rate. As this is a Hire resulting from late return, there is a 10% extra time levy. So the hour rate is (Daily rate x 5%) x (1 + 10%) = \$5.50.

18. We will now move the date time to Apr 14 at 16:00, to simulate and 1 day overdue return for Rachel.

Agreed Return	2021-04-13 16:00	Actual Return	2021-04-14 16:00

Hire type	Start	End	Quantity	Rate	Amount
Daily rental	2021-04-05	2021-04-13	8 days	\$150.00	\$1,200.00
Late return	2021-04-13 12:00	2021-04-13 16:00	4 hrs	\$7.50	\$30.00
Daily rental (extra time)	2021-04-13	2021-04-14	1 days	\$165.00	\$165.00
Late return (extra time)	2021-04-14 12:00	2021-04-14 16:00	4 hrs	\$8.25	\$33.00
				Total	\$1,428.00
Deposit received	2021-04-05				\$700.00
				Balance	\$728.00

The first two charge items are the same as before. The two extra time items are the result of late return. As described before, extra time is computed as a separate Hire with 10% penalty.
